PROXY STATEMENT

2006 Annual Meeting of Stockholders

THE MEETING

Introduction

This proxy statement is being furnished to the stockholders of Citizens Communications Company, a Delaware corporation, in connection with the solicitation of proxies by our board of directors for use at our 2006 annual meeting of stockholders and at any adjournments thereof.

This proxy statement and the accompanying form of proxy are first being sent to holders of our common stock on or about April 17, 2006.

Date, Time and Place

The meeting will be held on May 25, 2006, at 10:00 a.m., local time, at our offices located at Three High Ridge Park, Stamford, Connecticut 06905.

Matters to be Considered

At the meeting, stockholders will be asked to elect 13 directors, to adopt the Non-Employee Directors' Equity Incentive Plan, to consider and vote upon a stockholder proposal and to ratify the selection of our independent registered public accounting firm. See "ELECTION OF DIRECTORS," "PROPOSED NON-EMPLOYEE DIRECTORS' EQUITY INCENTIVE PLAN," "STOCKHOLDER PROPOSAL" and "RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM." The board of directors does not know of any matters to be brought before the meeting other than as set forth in the notice of meeting. If any other matters properly come before the meeting, the persons named in the enclosed form of proxy or their substitutes will vote in accordance with their best judgment on such matters.

Record Date; Shares Outstanding and Entitled to Vote; Quorum

Stockholders as of the record date, *i.e.*, the close of business on March 28, 2006, are entitled to notice of and to vote at the meeting. As of the record date, there were 328,470,089 shares of common stock outstanding and entitled to vote, with each share entitled to one vote. Holders of a majority of the outstanding shares entitled to vote must be present in person or represented by proxy in order for action to be taken at the meeting.

Required Votes

Election of Directors. Under our by-laws, the affirmative vote of the holders of a majority of the shares of common stock present or represented by proxy and entitled to vote at the meeting is required to elect each director. Consequently, only shares that are voted in favor of a particular nominee will be counted toward the nominee's achievement of a majority. Shares present at the meeting that are not voted for a particular nominee or shares present by proxy where the stockholder properly withholds authority to vote for the nominee will have the same effect as a vote against the nominee.

Under Delaware law, an incumbent who fails to receive the required vote "holds over," or continues to serve as a director as until his or her successor is elected and qualified. To address this "hold-over" issue, we have adopted a policy under which, in non-contested elections, if a director fails to win a majority of affirmative votes for his or her election, the director must immediately tender his or her resignation from the

board, and the board will decide, through a process managed by the Nominating and Corporate Governance Committee and excluding the nominee in question, whether to accept the resignation at its next regularly scheduled meeting.

Approval of Non-Employee Directors' Equity Incentive Plan. Approval of the non-employee directors' equity plan requires the affirmative vote of the holders of a majority of the common stock present or represented by proxy and entitled to vote at the meeting. Abstentions will have the same effect as a vote against approving the non-employee directors' equity plan. Under the rules of the New York Stock Exchange, brokers are not permitted to vote shares on this matter if they do not receive voting instructions from the beneficial owners of such shares. Such "broker non-votes" will be considered present for purposes of establishing a quorum, but will not be considered in determining the number of votes necessary for approval and will have no effect on the outcome of the vote on the plan.

Stockholder Proposal. Approval of the stockholder proposal requires the affirmative vote of the holders of a majority of the common stock present or represented by proxy and entitled to vote at the meeting. Abstentions will have the same effect as a vote against approving the stockholder proposal. Under the rules of the New York Stock Exchange, brokers are not permitted to vote shares on this matter if they do not receive voting instructions from the beneficial owners of such shares. Such "broker non-votes" will be considered present for purposes of establishing a quorum, but will not be considered in determining the number of votes necessary for approval and will have no effect on the outcome of the vote on the stockholder proposal.

Selection of Auditors. The ratification of the selection of KPMG LLP as our independent registered public accounting firm is being submitted to stockholders because we believe that this action follows sound corporate practice and is in the best interests of the stockholders. If the stockholders do not ratify the selection by the affirmative vote of the holders of a majority of the common stock present or represented by proxy and entitled to vote at the meeting, the Audit Committee of the board of directors will reconsider the selection of the independent registered public accounting firm, but such a vote will not be binding on the Audit Committee. If the stockholders ratify the selection, the Audit Committee, in its discretion, may still direct the appointment of a new independent registered public accounting firm at any time during the year if they believe that this change would be in our and our stockholders' best interests. Abstentions will have the same effect as a vote against ratification of the auditors.

Voting Recommendations

The board of directors recommends that you vote **FOR** each nominee for director named, **FOR** adoption of the Non-Employee Directors' Equity Incentive Plan, **AGAINST** the stockholder proposal and **FOR** ratification of the selection of our independent registered public accounting firm for 2006.

Voting and Revocation of Proxies

Stockholders are requested to vote by proxy in one of three ways:

- Use the toll-free telephone number shown on your proxy card;
- Visit the Internet website at www.voteproxy.com and follow the on-screen instructions; or
- Date, sign and promptly return your proxy card in the enclosed postage prepaid envelope.

Common stock represented by properly executed proxies, received by us or voted by telephone or via the Internet, which are not revoked will be voted at the meeting in accordance with the instructions contained therein. If instructions are not given, proxies will be voted **FOR** election of each nominee for director named, **FOR** adoption of the non-employee directors' equity incentive plan, **AGAINST** the stockholder proposal and **FOR** ratification of the selection of our independent registered public accounting firm.

Voting instructions, including instructions for both telephonic and Internet voting, are provided on the proxy card. The Internet and telephone voting procedures are designed to authenticate stockholder identities, to allow stockholders to give voting instructions and to confirm that stockholders' instructions have been

recorded properly. A control number, located on the proxy card, will identify stockholders and allow them to vote their shares and confirm that their voting instructions have been properly recorded. Stockholders voting via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, which must be borne by the stockholder. If you do vote by Internet or telephone, it will not be necessary to return your proxy card.

If your shares are held in the name of a bank or broker, follow the voting instructions on the form you receive from your record holder. The availability of Internet and telephone voting will depend on their voting procedures.

If a stockholder neither returns a signed proxy card, votes by the Internet or by telephone, nor attends the meeting and votes in person, his or her shares will not be voted.

Any proxy signed and returned by a stockholder or voted by telephone or via the Internet may be revoked at any time before it is exercised by giving written notice of revocation to our Secretary, at our address set forth herein, by executing and delivering a later-dated proxy, either in writing, by telephone or via the Internet, or by voting in person at the meeting. Attendance at the meeting will not alone constitute revocation of a proxy.

“Householding” of Annual Report and Proxy Materials

We have adopted a procedure approved by the Securities and Exchange Commission, or the “SEC,” called “householding.” Under this procedure, stockholders of record who have the same address and last name will receive only one copy of our Annual Report and proxy statement unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees.

Stockholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Annual Report and/or the proxy statement, or if you hold in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, Illinois Stock Transfer Company (in writing: 209 West Jackson Boulevard, Suite 903, Chicago, Illinois 60606-6905; by telephone: in the U.S., Puerto Rico and Canada, 1-800-757-5755; outside the U.S., Puerto Rico and Canada, 1-312-427-2953).

If we are householding materials to your address and you wish to receive a separate copy of the Annual Report or this proxy statement, or if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact Illinois Stock Transfer as indicated above.

Beneficial stockholders can request information about householding from their banks, brokers or other holders of record.

Proxy Solicitation

We will bear the costs of solicitation of proxies for the meeting. In addition to solicitation by mail, directors, officers and our regular employees may solicit proxies from stockholders by telephone, personal interview or otherwise. These directors, officers and employees will not receive additional compensation, but may be reimbursed for out-of-pocket expenses in connection with this solicitation. In addition to solicitation by our directors, officers and employees, we have engaged The Proxy Advisory Group, LLC, a proxy solicitation agent, in connection with the solicitation of proxies for the meeting. We will bear the costs of the fees for the solicitation agent, which are not expected to exceed \$10,000. Brokers, nominees, fiduciaries and other custodians have been requested to forward soliciting material to the beneficial owners of common stock held of record by them, and these custodians will be reimbursed for their reasonable expenses.

Independent Registered Public Accounting Firm

We have been advised that representatives of KPMG LLP, our independent registered public accounting firm for 2005, will attend the meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions of stockholders.

Our transfer agent is Illinois Stock Transfer Company. You should contact the transfer agent, at the phone number or address listed below, if you have questions concerning stock certificates, dividend checks, transfer of ownership or other matters pertaining to your stock account.

Effective January 1, 2006, the annual retainer for each director who was not our employee was increased to 5,760 stock units or \$40,000 in cash, payable in quarterly installments, and fees for attending telephonic meetings were reduced to \$1,000 per meeting. Fees for the Lead Director and committee chairs remained the same.

Upon commencement of services as a director, each non-employee director is granted options to purchase 10,000 shares of common stock under our Amended and Restated 2000 Equity Incentive Plan. Directors also receive an annual stock unit award under the Non-Employee Directors' Deferred Fee Equity Plan (described below), which is currently fixed at 3,500 stock units. In addition, each member of the board of directors and his or her spouse is eligible to participate in our health care plan on the same terms as our management employees.

Under the Non-Employee Directors' Deferred Fee Equity Plan, in addition to electing the form of his or her annual retainer, a director may elect to have either 50% or 100% of his or her meeting fees, and in the case of the Lead Director and committee chairs their annual stipends, paid in cash or stock units. If a director elects payment of his or her fees in stock units, units are credited in an amount that is equal to the cash payment the director otherwise would have received, based upon a formula where the cash payment amount is the numerator and the "Initial Market Value" of our common stock is the denominator. The Initial Market Value is equal to 85% of the average of the high and low prices of the common stock on the first trading day of the year in which the units are earned. Prior to 2006, the number of stock units awarded during a given year was increased if the "Final Market Value," which is the average of the high and low prices of our common stock on the last trading day in November, was less than the Initial Market Value. For 2005, the number of stock awards was not increased pursuant to this provision and, effective January 1, 2006, this provision was eliminated from the plan. Stock units are earned quarterly and are credited to the director's

account on the first business day of the succeeding quarter. We hold all stock units until a director's death or retirement, at which time the units are redeemable, at the director's election, in either cash or in shares of our common stock. Under limited circumstances, the board of directors may also authorize hardship redemption of some or all of a director's stock units prior to the director's death or retirement.

CORPORATE GOVERNANCE

We maintain corporate governance policies and practices that reflect what the board of directors believes are "best practices," as well as those that we are required to comply with pursuant to the Sarbanes-Oxley Act of 2002 and the rules of the SEC and the New York Stock Exchange. A copy of our Corporate Governance Guidelines is available upon request to our Secretary, or may be viewed or downloaded from our website at www.czn.net.

Director Independence

The board of directors is required to affirmatively determine that a majority of our directors is independent under the listing standards of the New York Stock Exchange. The board of directors undertakes an annual review of director independence. As a result of this review, the board of directors affirmatively determined that Messrs. Barnes, Harfenist, Kraus, Schrott, Tornberg, Ward and Wick and Ms. Abernathy, Ms. Finard, Ms. Fitt and Ms. Segil are independent under the rules of the New York Stock Exchange. In determining director independence, the board of directors reviewed not only relationships between the director and our company, but also relationships between our company and the organizations with which the director is affiliated. After considering the relevant facts and circumstances, the board of directors determined that none of these individuals has a material relationship with our company (either directly or as a partner, shareholder, or officer of an organization that has a relationship with our company), other than as a director of our company, and that each of these directors is free from any relationship with our company that would impair the director's ability to exercise independent judgment. The board determined that the following relationship is not a material relationship and therefore does not affect the independence determination: Ms. Finard is a Group Vice President and President of N.A. Beverages Sector of Kraft Foods, Inc. During 2005, we provided telephone and broadband services to affiliates of Kraft Foods for which we received less than 1% of our revenues.

Meetings of the Board of Directors

The board of directors held eight meetings in 2005. Each incumbent director attended at least 75% of the aggregate of these meetings (during the period that he or she served as a director) and the total number of meetings held by all committees of the board on which he or she served. It is our policy that the directors attend the annual meeting of stockholders. Each of the directors who was a member of the board of directors at the time of last year's annual meeting of stockholders attended that meeting.

Committees of the Board

The board of directors has four standing committees: Audit, Compensation, Nominating and Corporate Governance, and Retirement Plan.

Audit Committee. The Audit Committee is composed of three independent directors and operates under a written charter adopted by the board of directors. A copy of the charter is attached as *Appendix A* to this proxy statement. In addition, a copy of the Audit Committee Charter is available upon request to our Secretary, or may be viewed or downloaded from our website. The Audit Committee currently consists of Mr. Ward, as Chair, and Messrs. Barnes and Schrott. Each member of the Audit Committee is financially literate, as required by the listing standards of the New York Stock Exchange. In addition, the board of directors has determined that Mr. Ward meets the standard of an "audit committee financial expert" under the rules of the SEC. Mr. Barnes is a member of four public company audit committees, including our Audit Committee. We do not limit the number of audit committees on which our Audit Committee members may serve. As the rules of the New York Stock Exchange require, our board of directors considered Mr. Barnes' ability to serve on the Audit Committee and determined that his service on the other audit committees would not impair his ability to effectively serve on our Audit Committee. The Audit Committee met six times in 2005.

The Audit Committee selects our independent registered public accounting firm. Management is responsible for our internal controls and financial reporting process. The Audit Committee assists the board of directors in undertaking and fulfilling its responsibilities in monitoring (i) our financial reporting process, (ii) the integrity of our consolidated financial statements, (iii) our compliance with legal and regulatory requirements, (iv) the qualifications of our internal auditors and the independence and qualifications of our independent registered public accounting firm, and (v) the performance of our internal audit function and independent registered public accounting firm.

In accordance with the Sarbanes-Oxley Act of 2002 and the rules of the SEC and the New York Stock Exchange, the Audit Committee pre-approves all auditing and permissible non-auditing services that will be provided by KPMG LLP, our independent registered public accounting firm.

In accordance with the rules of the SEC, the Audit Committee has established procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls, or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

Compensation Committee. The Compensation Committee is composed of four independent directors and operates under a written charter adopted by the board of directors. A copy of the Compensation Committee Charter is available upon request to our Secretary, or may be viewed or downloaded from our website. The Compensation Committee reviews our general compensation strategies; acts as the Committee for our incentive compensation plans; and establishes and reviews compensation for the Chief Executive Officer and other executive officers. The Compensation Committee, which met six times in 2005, currently consists of Mr. Harfenist, as Chair, and Ms. Finard, Ms. Fitt and Mr. Wick.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is composed of five independent directors and operates under a written charter adopted by the board of directors. A copy of the Nominating and Corporate Governance Committee Charter is available upon request to our Secretary, or may be viewed or downloaded from our website. One of the committee's

functions is to recommend candidates for election to the board of directors. The Nominating and Corporate Governance Committee intends to use a variety of means of identifying nominees for director, including recommendations from current board members and from stockholders. In determining whether to nominate a candidate, the Nominating and Corporate Governance Committee will consider the current composition and capabilities of serving board members, as well as additional capabilities considered necessary or desirable in light of our existing needs and then assess the need for new or additional members to provide those capabilities. In addition, the Nominating and Corporate Governance Committee takes a leadership role in shaping our corporate governance, including making recommendations on matters relating to the composition of the board of directors and its various committees and our Corporate Governance Guidelines. The Nominating and Corporate Governance Committee, which met five times in 2005, currently consists of Mr. Kraus, as Chair, and Messrs. Schrott, Tornberg and Wick and Ms. Segil.

Stockholders may propose director candidates for consideration by the Nominating and Corporate Governance Committee. Any such recommendations should include the nominee's name and qualifications for membership to the board of directors and should be directed to our Secretary at the address of the Company's principal executive offices. To nominate an individual for election at an annual stockholder meeting, the stockholder must give timely notice to our Secretary in accordance with the Company's bylaws, which, in general, require that the notice be received by our Secretary not less than 90 days nor more than 120 days before the anniversary date of the immediately prior annual stockholders meeting, unless the annual meeting is moved by more than 25 days before or after the anniversary of the prior year's annual meeting, in which case the deadline will be not less than 120 days before the first anniversary of our proxy statement in connection with the immediately prior annual meeting. The notice should include a description of the qualifications of the suggested nominee and any information that is required by the regulations of the SEC concerning the suggested nominee and his or her direct or indirect securities holdings or other interests in our company. See "Proposals by Stockholders" for the deadline for nominating persons for election as directors for the 2007 annual meeting.

Each candidate for nomination as a director, including each person recommended by stockholders, is evaluated in accordance with our Corporate Governance Guidelines. In addition, the board of directors has adopted guidelines to be used by the Nominating and Corporate Governance Committee in selecting candidates for membership to the board of directors. These guidelines set forth general criteria for selection that the background and qualifications of the directors, as a group, should be diverse, and a nominee should possess a depth of experience, knowledge and abilities that will enable him or her to assist the other directors in fulfilling the board's responsibilities to our company and our stockholders.

The guidelines also include the following special criteria for the selection of director nominees:

- A nominee must have a reputation for integrity, honesty, fairness, responsibility, good judgment and high ethical standards.
- A nominee should have broad experience at a senior, policy-making level in business, government, education, technology or public interest.
- A nominee should have the ability to provide insights and practical wisdom based on the nominee's experience and expertise.
- A nominee should have an understanding of a basic financial statement.
- A nominee should comprehend the role of a public company director, particularly the fiduciary obligation owed to our company and our stockholders.
- A nominee should be committed to understanding our company and its industry and to spend the time necessary to function effectively as a director.
- A nominee should neither have nor appear to have a conflict of interest that will impair the nominee's ability to fulfill his or her responsibilities as a director.

- A nominee should be “independent,” as defined by the SEC and the New York Stock Exchange. To the extent permitted by applicable law and our bylaws, nominees who do not qualify as independent may be nominated when, in the opinion of the Nominating and Corporate Governance Committee, such action is in our best interests.

Decisions regarding the renomination of directors for additional terms on the board of directors are governed by the general and specific criteria described above. In addition, as a general rule, a non-employee director will not be renominated if he or she was first elected to the board of directors before December 1, 2005, and has served 15 years as a member of the board of directors, or if he or she was first elected to the board of directors on or after December 1, 2005, and has served 10 years as a member of the board of directors. The Nominating and Corporate Governance Committee reserves the right to renominate any director regardless of the length of his or her service if, in the judgment of the Nominating and Corporate Governance Committee, such renomination is in our company’s and our stockholders’ best interests.

The information contained in this proxy statement with respect to the Audit Committee Charter, the Compensation Committee Charter, the Nominating and Corporate Governance Committee Charter and the independence of the non-management members of the board of directors shall not be deemed to be “soliciting material” or to be “filed” with the Securities and Exchange Commission, nor shall the information be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference in a filing.

Retirement Plan Committee. The Retirement Plan Committee oversees our retirement plans, including setting policies, adopting general plan amendments, approving and monitoring all plan service providers, reviewing the investment strategies and asset performance of the plans, and regulatory and legal compliance. The Retirement Plan Committee, which met four times in 2005, currently consists of Ms. Fitt, as Chair, and Messrs. Barnes and Singer.

Executive Sessions of the Board of Directors

The non-management directors have regularly scheduled executive sessions in which they meet outside the presence of management. These executive sessions generally are held immediately before or after regularly scheduled meetings of the board of directors. At least one of the executive sessions each year is attended only by independent directors. David H. Ward has been elected as the Lead Director by our independent directors. Mr. Ward presides at executive sessions of the board.

Communications with the Board of Directors

Any stockholder or interested party who wishes to communicate with the board of directors or any specific director, including the Lead Director, any non-management director, or the non-management directors as a group, may do so by writing to such director or directors at: Citizens Communications Company, Three High Ridge Park, Stamford, Connecticut 06905. This communication will be forwarded to the director or directors to whom it is addressed. This information regarding contacting the board of directors is also posted on our website at www.czn.net.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics (the “Code of Conduct”) to which all employees, executive officers and directors, which for purposes of the Code of Conduct we collectively refer to as “employees,” are required to adhere in addressing the legal and ethical issues encountered in conducting their work. The Code of Conduct requires that all employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner, and otherwise act with integrity. Employees are required to report any conduct that they believe, in good faith, is an actual or apparent violation of the Code of Conduct and may do so anonymously by using our Ethics Hotline. The Code of Conduct includes specific provisions applicable to our principal executive officer and senior financial officers. These officers are required to certify as to any actual or potential conflicts of interest involving them and our

company. We post amendments to or waivers from the provisions applicable to our senior executives on our website. A copy of the Code of Conduct is available upon request to our Secretary, or may be viewed or downloaded from our website.

Employment Agreements

Mary Agnes Wilderotter

We entered into an employment agreement with Mary Agnes Wilderotter, dated as of November 1, 2004, pursuant to which Mrs. Wilderotter was appointed President and Chief Executive Officer. In December 2005, Mrs. Wilderotter was appointed Chairman of the board of directors and Chief Executive Officer. Upon effectiveness of Mr. Elliott’s resignation as President, she will also hold the title of President. Under the terms of Mrs. Wilderotter’s employment agreement, she earns an annual base salary of \$700,000, which may be increased from time to time by the Compensation Committee. The employment agreement has an initial term of five years, which expires in November of 2009. The agreement automatically renews at the end of the initial or any renewal term for an additional one-year term, unless either party provides prior notice of non-renewal. Mrs. Wilderotter is also entitled to a target bonus amount equal to 100% of her base salary. Upon commencement of her employment, Mrs. Wilderotter received a grant of 150,000 restricted shares of common stock. With respect to each fiscal year during the employment term after 2004, Mrs. Wilderotter will receive a grant of restricted shares of common stock with an aggregate value on the date of each grant equal to between \$1,000,000 and \$2,000,000, as determined by the Compensation Committee. These restricted stock grants each vest ratably over five years. Under the terms of the employment agreement, Mrs. Wilderotter was reimbursed for the cost of relocation during her first year of employment.

If Mrs. Wilderotter’s employment is terminated without “cause” or by Mrs. Wilderotter with “good reason” (each as defined in the employment agreement), or we do not renew the employment agreement at the end of a term, she will be entitled to the payment of base salary and a pro-rated portion of the target bonus through the date of termination, plus an amount equal to the greater of three times the sum of base salary and target bonus (payable in equal installments over 36 months) or base salary and target bonus due for the remainder of the term, and all restricted shares will vest. Mrs. Wilderotter is also entitled to receive continued medical, dental, and life insurance and other health benefits until the end of the severance period (as defined

in the employment agreement) or the date on which Mrs. Wilderotter becomes eligible to receive comparable benefits from any subsequent employer, whichever is earlier.

If Mrs. Wilderotter's employment is terminated due to her death or in connection with a disability, she (or her estate) will be entitled to payment of base salary for six months following the termination and a pro-rated portion of the target bonus, and all restricted shares will vest. Mrs. Wilderotter is also entitled to receive reimbursement for any unreimbursed business expenses, any accrued but unpaid vacation, pension, profit sharing, medical, dental and life insurance and other employee benefit plans to which Mrs. Wilderotter is entitled upon termination of her employment for a period of two years at our cost.

In the event of a constructive termination following a "change in control" (as defined in the employment agreement), she will be entitled to the amounts she would receive in connection with a termination by us without cause or by Mrs. Wilderotter with good reason, potentially subject to reduction if such amounts would be subject to excise taxes under Section 4999 of the Internal Revenue Code of 1986. If the amount payable by us, less such excise taxes payable by Mrs. Wilderotter, exceeds by at least 125% the amount payable without causing the loss of deduction to us under Section 280G of the Internal Revenue Code, Mrs. Wilderotter will be entitled to additional amounts to make her whole for such excise taxes. If the amounts payable by us, less such excise taxes payable by Mrs. Wilderotter, are less than 125% of the amount payable without causing the loss of deduction to us and the imposition of excise taxes to Mrs. Wilderotter under Sections 280G and 4999 of the Internal Revenue Code, the amount payable by us will be reduced to the extent necessary such that we will not lose our deduction under Section 280G of the Internal Revenue Code and such that Mrs. Wilderotter will not be subject to excise taxes.

Jerry Elliott

Effective no later than May 10, 2006, Jerry Elliott resigned his position as our President. In connection with his announcement, Mr. Elliott resigned as a member of the board of directors, effective April 10, 2006. Mr. Elliott had earlier resigned his position as Acting Chief Financial Officer in connection with the appointment of our new Chief Financial Officer, each effective April 17, 2006. Pursuant to an employment agreement with Mr. Elliott, dated as of September 1, 2004, Mr. Elliott earned an annual base salary of \$500,000 and was entitled to a target bonus amount equal to 100% of his base salary and an annual grant of restricted shares of common stock with an aggregate value on the date of grant equal to between \$750,000 and \$1,000,000, as determined by the Compensation Committee. The restricted stock grants vested ratably over five years. The employment agreement had an initial term of five years, which was scheduled to expire in September 2009. The agreement provided that it would automatically renew at the end of the initial or any renewal term for an additional one-year term, unless either party provided prior notice of non-renewal. Upon effectiveness of Mr. Elliott's resignation, all unvested restricted stock held by him will be cancelled and we will have no further obligations under the employment agreement.

John H. Casey, III

We entered into an employment agreement with John H. Casey, III, dated as of February 15, 2005. Mr. Casey has been employed by us since 1999 and currently serves as an Executive Vice President. Under the terms of Mr. Casey's employment agreement, Mr. Casey earns an annual base salary of \$400,000, which may be increased from time to time by the Chief Executive Officer and the board of directors. The employment agreement has an initial term of five years, which expires in February of 2010. The agreement automatically renews at the end of the initial or any renewal term for an additional one-year term, unless either party provides prior notice of non-renewal. Mr. Casey is entitled to a target bonus amount equal to 100% of his base salary. Additionally, with respect to each fiscal year during his employment term, Mr. Casey is eligible to receive a grant of restricted shares of common stock in an amount to be determined by the Compensation Committee. Restricted stock grants in 2005 will vest ratably over three years; all grants following 2005 will vest ratably over four years.

If Mr. Casey's employment is terminated without "cause" or if he resigns his employment for "good reason" (each as defined in the employment agreement), he will receive an amount equal to one year of the then current base salary and the target bonus, both payable on the date of termination, and all restricted shares of common stock will vest. Mr. Casey is also entitled to receive continued medical, dental, and life insurance and other health benefits for one year from the date of termination or the date on which Mr. Casey becomes eligible to receive comparable benefits from any subsequent employer, whichever is earlier.

If Mr. Casey's employment is terminated due to his death or in connection with a disability, he (or his estate) will be entitled to payment of base salary for six months following the termination and a pro-rated portion of the target bonus, and all restricted shares will vest. Mr. Casey is also entitled to receive reimbursement for any unreimbursed business expenses, any accrued but unpaid vacation, pension, profit sharing, medical, dental and life insurance and other employee benefit plans to which Mr. Casey is entitled upon termination of his employment for a period of two years at our cost.

In the event of a constructive termination as a result of a "change in control" (as defined in the employment agreement), he will be entitled to the amounts he would receive in connection with a termination by us without cause or by Mr. Casey with good reason, potentially subject to reduction if such amounts would be subject to excise taxes under Section 4999 of the Internal Revenue Code of 1986.

Peter B. Hayes

We entered into a letter agreement with Peter B. Hayes, dated December 31, 2004, pursuant to which Mr. Hayes was appointed Senior Vice President, Sales, Marketing & Business Development. In December 2005, Mr. Hayes was appointed Executive Vice President, Sales, Marketing & Business Development. Under the terms of Mr. Hayes letter agreement, he earns an annual base salary of \$275,000, which was increased to \$283,250 effective April 2006. The letter agreement provides for a target annual incentive bonus of 75% of his base salary, which was increased to 85% for 2006. In the event of a constructive termination following a "change in control" (as defined in the letter agreement), he will be entitled to one year of base salary, 100% of bonus pro-rated for the year of termination and one year of continued medical benefits. Under the terms of the letter agreement, Mr. Hayes was reimbursed for the cost of relocation and paid a housing allowance during his first year of employment.

Citizens Pension Plan

We have a noncontributory, qualified retirement plan, the Citizens Pension Plan, covering substantially all employees, that provides benefits that, in most cases, are based on formulas related to base salary and years of service. The plan has been amended to provide that, effective February 1, 2003, no further benefits will be accrued under the plan by most non-union participants (including all executive officers). Messrs. Casey and McCarthy are the only executive officers listed in the Summary Compensation Table who have vested benefits under the frozen plan. The estimated annual pension benefits (assumed to be paid in the normal form of an annuity) for Messrs. Casey and McCarthy are \$7,210 and \$22,641 respectively. These amounts are calculated under the plan based on their respective four and 12 years of service at the time the plan was frozen and the compensation limits established in accordance with federal tax law in the computation of retirement benefits under qualified plans. Benefits are not subject to reduction for Social Security payments or other offset amounts.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee currently consists of Mr. Harfenist, as Chairman, and Ms. Finard, Ms. Fitt and Mr. Wick. Except as described below, none of our executive officers served as: (i) a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Compensation Committee; (ii) a director of another entity, one of whose executive officers served on our Compensation Committee; or (iii) a member of the compensation committee (or other board committee

performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as one of our directors. During a part of 2005, Mr. Singer served as a member of our Compensation Committee. Mr. Singer is an executive officer of American Tower Corporation. Until 2004, Mrs. Wilderotter, our Chief Executive Officer, served as a director of American Tower Corporation and also served on that company's compensation committee. When it was established that such an interlock existed, Mr. Singer resigned from our Compensation Committee.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the board of directors is composed of four independent directors who are responsible for setting and administering compensation, including base salaries, annual incentives and stock-based awards, paid or awarded to the company's executive officers. The Compensation Committee also oversees and approves compensation policy, incentive plan design, costs and administration. This report discusses the Compensation Committee's activities, as well as its development and implementation of policies regarding compensation paid to the company's executive officers for 2005.

Compensation of the Executive Officers (Other than the Chief Executive Officer)

This section discusses the company's overall strategy for the 2005 compensation programs for the executive officers.

Compensation Strategy. The company's compensation strategy for the executive officers is based on the following principles:

- Offer competitive total compensation, relative to other companies within the communications services industry, to enable the company to attract and retain executives of outstanding ability.
- Provide performance-based compensation that rewards individual and company performance.
- Provide equity awards based on company performance that align executive officers' interests with those of the company's stockholders.

Base Salary. The Compensation Committee reviews and approves the salary levels of the company's executive officers. With the assistance of an independent consultant, we perform external market comparisons relative to industry-specific peers, based on individual job responsibilities. Base salaries are determined using the market comparison data and the scope of responsibilities for each executive position. Annual increases are based upon individual performance, company performance, experience and level of responsibility that reflect the company's pay-for-performance philosophy.

Annual Cash Incentives. Executive officers are eligible to receive an annual performance-based cash incentive award under the Citizens Incentive Plan. The plan includes target amounts of incentive compensation that are assigned for each executive position based on an analysis of incentive pay practices in the communications services industry. The criteria for the payout of incentive awards in 2005 was the achievement of certain financial goals and achievement of other specific goals that support the company's people, products and profitability priorities. Individual cash incentive awards are based on achievement of such goals and assessment of individual performance. Similar criteria will be used for 2006. Goals are established before the beginning of each year for the succeeding year. The plan's criteria and/or specific goals set thereunder may be revised each year to reflect changes in the company's business strategy or to otherwise align the executive's annual cash incentives with the company's direction.

2005 Annual Cash Incentive Awarded. Annual cash incentive bonuses were awarded by the Compensation Committee in February 2006, based on 2005 performance. The Compensation Committee believes that the company's executive officers met or exceeded all key objectives established for 2005. In addition to substantial achievement of the specific goals that support the company's people, products and profitability priorities, the executive management reduced debt and completed a \$250 million share repurchase program. The company also grew revenue by reducing customer deactivations and by selling enhanced

services and high-speed Internet products. Despite the significant challenges in the communications services industry, the company's 2005 incentive plan financial goals were achieved.

Equity Incentive Plan. The purpose of the Equity Incentive Plan is to provide common stock-related compensation to ensure that the company can attract and retain executives and align their interests with those of our stockholders. In prior years, the company has used non-qualified stock options vesting over four years, provided financial targets have been met. In recent years the Compensation Committee has awarded restricted shares instead of stock options to those executive officers they believe have enhanced the company's ability to create stockholder value. The Compensation Committee did not grant stock option awards to executives in 2005.

For 2005, the executive officers were awarded grants of restricted shares under Citizens' Amended and Restated 2000 Equity Incentive Plan, which vest ratably over four years (or as per employment arrangements with certain executive officers). Target awards of restricted stock to executive officers are determined based on the executive's job responsibilities and external market comparisons for the communications services industry. The criteria for grant of restricted shares was company achievement of specific financial goals, including revenue, EBITDA, capital expenditures and free cash flow, and individual performance of the executive, including achievement of individual goals and demonstrating our company's values. These restricted share grants are based upon each executive officer's performance and the company's performance for 2005.

Profit Sharing Plan. Consistent with the company's pay-for-performance philosophy, the company provides eligible employees with a supplemental profit sharing match when the company exceeds its financial objectives. For each 1% above the company's EBITDA goal, the company provides employees, including executive officers, with 0.5% of eligible pay in the form of a matching contribution into the company's 401(k) plan, up to a maximum of 3%. The company did exceed its EBITDA goal in 2005 and a profit sharing contribution was paid.

Other. The Compensation Committee approves terms of employment offers to new executive officers.

Compensation of the Chief Executive Officer

During 2005, Mary Agnes Wilderotter served as the company's President and Chief Executive Officer and effective December 2005, became Chairman of the board of directors and Chief Executive Officer. The compensation paid to Mrs. Wilderotter during 2005 was generally established in the employment agreement entered into between Mrs. Wilderotter and the company effective November 1, 2004. Mrs. Wilderotter's base salary, her eligibility to be awarded restricted stock, and her eligibility for participation in, and target bonus pursuant to, the company's incentive bonus program were each established at the time her employment agreement was entered into. Mrs. Wilderotter's compensation under her employment agreement was established based on advice of the executive compensation consultants and executive search advisers engaged by the board of directors to conduct the search for the company's new Chief Executive Officer. The Compensation Committee believes, based on its experience with respect to compensation practices, that Mrs. Wilderotter's compensation, as established by her employment agreement, is appropriate and in line with the company's compensation policies. Benefits included in the "Other Annual Compensation" and "All Other Compensation" columns in the Summary Compensation Table are established in her employment agreement. See "Employment Agreements."

As with the company's executive compensation, the Compensation Committee reviews Mrs. Wilderotter's compensation versus market comparisons in the communications services industry. The Compensation Committee uses that market comparison data in conjunction with its assessment of Mrs. Wilderotter's individual performance and the performance of the company against the company's specific financial goals and strategic people, products and profitability goals to determine each aspect of her compensation in the context of the terms of her employment agreement. In February 2006, the Compensation Committee awarded Mrs. Wilderotter for 2005 performance an \$840,000 cash incentive bonus and a 160,000 share restricted stock grant. In addition, Mrs. Wilderotter's base salary was increased by \$50,000, to \$750,000, effective April 1, 2006. The Compensation Committee believes that these awards and increases were appropriate given the performance of the company against its stated goals and other significant accomplishments of Mrs. Wilderotter

during 2005. Included in those accomplishments were a strengthening of the executive management team and identification of new board members with experience in areas critical to the company's future success.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the chief executive officer or any of the four most highly compensated executive officers (other than the chief executive officer). Section 162(m) provides that qualifying performance-based compensation will not be subject to the tax deduction limit if certain requirements are met. The Compensation Committee believes it is important to maximize the corporate tax deduction. However, the Compensation Committee believes, that in many circumstances, factors other than tax deductibility are more important in determining the forms and levels of executive compensation that are most appropriate and in the best interests of the company and its stockholders. Given our need to retain and recruit senior executive officers while the company explored its financial and strategic alternatives, we felt that our interests were best served by maintaining flexibility in the way compensation is provided, whether or not compensation would be fully deductible under Section 162(m). In this respect, we felt that it was necessary to offer compensation packages that would attract Mrs. Wilderotter and Mr. Hayes to the company and retain the services of Messrs. Elliott and Casey, and that would align a substantial portion of their compensation with the interests of our stockholders. These compensation packages include base salary, discretionary bonuses and restricted stock awards that will not qualify as performance-based compensation under Section 162(m). Total compensation paid to Mrs. Wilderotter and Messrs. Elliott, Casey and Hayes in 2005 and scheduled to be paid to Mrs. Wilderotter and Mr. Casey in 2006, or that may be paid to them in the future is likely to cause the Section 162(m) limitation to be exceeded for those years and this amount will increase to the extent that our stock price increases during the period in which the restricted stock awards vest. The Compensation Committee intends to review the non-guaranteed portions of these compensation arrangements, as well as the company's other compensation programs, so that the company can maximize its tax deduction while retaining the Compensation Committee's discretion and flexibility that the Compensation Committee believes is necessary to develop compensation programs that are in the best interests of the company and its stockholders.

**PROPOSED NON-EMPLOYEE DIRECTORS'
EQUITY INCENTIVE PLAN
(Item 2 on the Proxy Card)**

The board of directors adopted the Citizens Communications Company Non-Employee Directors' Equity Incentive Plan (the "Plan") on April 5, 2006, subject to approval of our stockholders. If approved by our stockholders, no future equity awards will be made pursuant to the Amended and Restated Citizens Utilities Company Non-Employee Directors' Deferred Fee Equity Plan (the "Predecessor Plan").

The Predecessor Plan is scheduled to terminate on May 22, 2007. The Plan will comply with the deferred compensation rules imposed by Section 409A of the Internal Revenue Code and will permit grants of options to non-employee directors. Currently, options are granted to the non-employee directors pursuant to our Amended and Restated 2000 Equity Incentive Plan. If the stockholders approve the Plan, options will be granted to the non-employee directors under this Plan. The Plan, if approved by our stockholders, will expire in 2016.

Set forth below is a summary of certain important features of the Plan. This summary is qualified in its entirety by reference to the full text of the Plan, which is included in this proxy statement as *Appendix B*.

Description of the Plan

Purpose. The purpose of the Plan is to attract and retain qualified persons to serve as non-employee directors by providing such directors with flexibility in the form and timing of receipt of compensation for their service on the board of directors and to receive equity-based awards, thereby aligning such directors' interests more closely with the interests of our stockholders. To achieve these goals, the Plan allows non-employee directors to defer receipt of cash-based awards as stock units that generally are paid upon the director's retirement, and to receive grants of stock units and options to purchase shares of our common stock.

Shares Subject to the Plan. Subject to certain adjustments, a maximum of 2,000,000 shares of our common stock may be issued and delivered under the Plan. To the extent any stock unit granted under the Plan is forfeited or any option granted under the Plan terminates, expires, is cancelled or is forfeited without having been fully exercised, the shares of common stock that were intended to be distributed in connection with such options or stock units will again be available under the Plan. In addition, shares of common stock that are available under the Predecessor Plan (536,751 shares as of March 28, 2006) and shares of common stock that are subject to awards that are terminated, cancelled, forfeited, or that expire under the Predecessor Plan will be available for issuance under the Plan.

Participation. The Plan is available to all of our non-employee directors (each, a "Participant," and collectively, the "Participants").

Administration. A committee appointed by the board of directors administers the Plan. The plan committee consists of at least two members who are considered non-employee directors within the meaning of Rule 16b-3 of the Securities Act of 1934. Members of the plan committee will hold office at the discretion of the board of directors and may be dismissed at any time with or without cause. The board of directors will also designate one or more of our officers or employees to administer the Plan in coordination with and under the direction of the plan committee.

Options. The Plan provides that non-employee directors may be granted options to purchase shares of our common stock, subject to the terms of the Plan.

Options granted under the Plan will vest and become exercisable six months after the date on which the option was granted, unless our board of directors has specified otherwise. Generally, options granted under the Plan expire ten years after the date on which they were granted or, if earlier, on the first anniversary of a director's resignation, death, retirement or other termination of service as a director.

The exercise price of a share of common stock purchased pursuant to such an option may not be less than 100% of the fair market value of a share of our common stock on the date the option was granted.

Generally, the fair market value of a share of common stock is considered the closing price of a share of our common stock on date of grant, as reported by the New York Stock Exchange. Unless otherwise determined by the committee, a Participant may remit cash, tender a broker exercise notice or tender previously-acquired shares to pay the exercise price of an option.

Stock Units. Unless otherwise determined by our board of directors, each non-employee director will receive a grant of 3,500 stock units at the beginning of each plan year. In addition, non-employee directors may be granted certain of their fees, such as their annual retainer fees, in the form of stock units. Non-employee directors may also elect to defer receipt of cash fees in the form of stock units. Each stock unit represents the economic equivalent of one share of our common stock.

If a non-employee director wishes to defer cash in the form of stock units, he or she must irrevocably elect to do so, on an annual basis and prior to December 31 of the prior year. An individual who becomes a director after the beginning of a plan year must submit his or her irrevocable election within 30 days of becoming a director for such election to be effective for fees earned in that year.

Stock units received by a director are credited to that director's "stock unit account," which is established and maintained by us. With respect to the cash fees that directors have elected to defer and receive in the form of stock units, in an absence of determination by our board of directors to the contrary, each Participant will be credited with a number of stock units determined by dividing the total amount of cash fees deferred in that quarter by 85% of the closing price of our common stock on the last business day of the quarter. Stock unit accounts are also adjusted to reflect changes in our capitalization. In addition, if a dividend is paid in cash or property, or if there is another distribution payable to holders of our common stock, a Participant's stock unit account will be credited with additional stock units with a fair market value equal to such dividend or distribution. Payments made to directors from their stock unit accounts are payable ten calendar days after the director ceases his or her service as a director. Participants may either receive one share of stock per stock unit (and cash for any fractional share) or cash representing the fair market value of the stock units on the date of the Participant's termination of services as a director.

Trustee. We may enter into an agreement with a trustee and transfer to the trustee (i) shares of common stock approximately equal to the aggregate dollar amount of stock units in the Participants' stock unit accounts, or (ii) cash, accompanied by instructions to the trustee to purchase shares of common stock approximately equal to the aggregate dollar amount of stock units in the Participants' stock unit accounts, either directly from us or in the open market, as determined by us. Any amounts held by a trustee will be subject to the rights of our creditors.

Transfer of Options and Stock Units. Generally, none of the options or stock units granted or deferred under the Plan are transferable other than by will or the laws of descent or distribution or pursuant to a lump-sum property settlement under a domestic relations order. However, with the consent of the plan committee, a Participant may transfer options or stock units to (i) a member of his or her immediate family, (ii) a trust whose exclusive beneficiaries are members of his or her immediate family, or (iii) a partnership, limited partnership or other limited liability entity, the members of which consist exclusively of members of his or her immediate family or a family trust. Consideration may not be paid in connection with any of the transfers described above, and each family member who has had options or stock units transferred to them from a Participant is required to enter into an agreement, which provides that such family member agrees to be bound by the provisions of the Plan.

Change in Control. In the event of a "change in control" of our company, all options granted under the Plan will become immediately exercisable in full and will remain exercisable in accordance with their terms. Generally, a "change in control" occurs (i) when a person or group acquires shares of our common stock that, together with the stock held by such person or group, constitutes more than 50% of our total voting power; or (ii) upon a merger or other business combination, a sale of substantially all of our assets, our liquidation or dissolution or a combination of the foregoing, unless our stockholders (as of the time prior to such transaction) directly or indirectly own at least 51% of the voting power of the successor entity following such transaction.

In the event of a “change in control,” we also have the right to terminate all options granted under the Plan by providing 30 days’ prior written notice to all Participants of our intent to terminate all options granted under the Plan.

Amendment, Modification, Termination or Suspension. The board of directors may at any time modify and amend the Plan in any respect, except, however, that stockholder approval will be required prior to any such amendment becoming effective if such approval is required by law, by the New York Stock Exchange, or is necessary to comply with the regulations promulgated by the Securities and Exchange Commission. Generally, an amendment, modification, termination or suspension of the Plan is not permitted to adversely affect any option or stock unit granted under the Plan, unless the Participant of the option or stock unit consents to such amendment, modification, termination or suspension of the Plan.

The Plan is scheduled to expire in 2016. The board of directors may, however, terminate the Plan at any time. Generally, the plan committee has the authority to terminate the Plan and all elections to defer payments of fees owed to directors (i) in the event of a corporate dissolution that is considered a taxable event under Section 331 of the Internal Revenue Code, (ii) with the approval of a bankruptcy court, and (iii) as a result of such other liquidation or similar event that constitutes a permitted termination of the Plan under Section 409A of the Internal Revenue Code.

If it is determined or claimed by the Internal Revenue Service that amounts deferred in earlier years have become currently taxable to Participants (or their beneficiaries), the plan committee may, in its discretion, terminate the Plan and distribute amounts credited to the Participants (or their immediate family, a family trust, a family entity or their beneficiaries, as applicable). Such determination shall be based on a ruling or publicly available pronouncement from the Internal Revenue Service, or on the position taken by the Internal Revenue Service in audit, or written opinion from tax counsel.

Federal Income Tax Consequences. Stock units granted or deferred under the Plan are intended to be treated as unfunded deferred compensation under the Internal Revenue Code, and are intended to comply in form and operation with the requirements of Section 409A of the Internal Revenue Code. A Participant will not realize any taxable income upon the receipt of stock units. When the stock units are distributed, the Participant will realize taxable income, taxable at ordinary rates, equal to the fair market value of the stock units and we will be entitled to a corresponding deduction. A Participant will also realize taxable income upon the receipt of dividends or dividend equivalents paid with respect to stock units and we will be entitled to a corresponding deduction.

A Participant will realize no taxable income and no deduction will be available to us upon the grant of an option. At the time of exercise of an option, a Participant will realize income taxable at ordinary income tax rates, and we will be entitled to a tax deduction, in the amount by which the then fair market value of the shares purchased exceeds the option price of the shares. Upon the subsequent disposition of shares received upon exercise of an option, a Participant will also realize gain or loss in an amount equal to the difference between the sale price of the shares and the fair market value of the shares on the date of exercise.

The above federal income tax information is a summary only and does not purport to be a complete statement of the relevant provisions of the Internal Revenue Code.

The board of directors recommends that you vote **FOR** this proposal.

**STOCKHOLDER PROPOSAL
(Item 3 on the Proxy Card)**

We have received a stockholder proposal from the International Brotherhood of Electrical Workers Pension Benefit Fund, or “IBEW,” 900 Seventh Street, N.W., Washington, D.C. 20001. The IBEW has requested that we include the following proposal and supporting statement in our proxy statement for the meeting, and if properly presented at the meeting, this proposal will be voted on at the meeting. The IBEW beneficially owns 12,775 shares of our common stock. The stockholder proposal and supporting statement are quoted verbatim in italics below.

Our management does not support the adoption of the resolution proposed below and asks stockholders to consider management’s response, which follows the stockholder proposal. The board of directors recommends a vote **AGAINST** this proposal.

Stockholder Proposal

RESOLVED: that the shareholders of the Citizens Communications Company (the “Company”) urge the Board of Directors to seek shareholder approval of future severance agreements with senior executives that provide benefits in an amount exceeding 2.99 times the sum of the executives’ base salary plus bonus.

“Severance agreements” include any agreements or arrangements that provide for payments or awards in connection with a senior executive’s severance from the Company, including employment agreements; retirement agreements; settlement agreements; change in control agreements; and agreements renewing, modifying or extending such agreements.

“Benefits” include lump-sum cash payments (including payments in lieu of medical and other benefits); the payment of any “gross-up” tax liability; the estimated present value of periodic retirement payments; any stock or option awards that are awarded under any severance agreement; any prior stock or option awards as to which the executive’s access is accelerated under the severance agreement; fringe benefits; and consulting fees (including reimbursable expenses) to be paid to the executive.

Supporting Statement

In our opinion, severance agreements as described in this resolution, commonly known as “golden parachutes”, are excessive in light of the high levels of compensation enjoyed by senior executives at the Company and U.S. corporations in general.

We believe that requiring shareholder approval of such agreements may have the beneficial effect of insulating the Board of Directors from manipulation in the event a senior executive’s employment must be terminated by the Company. Because it is not always practical to obtain prior shareholder approval, the Company would have the option if this proposal were implemented of seeking shareholder approval after the material terms of the agreement were agreed upon.

For those reasons, we urge shareholders to vote FOR this proposal.

Management Statement in Opposition to Stockholder Proposal

The board of directors recommends that you vote **AGAINST** this stockholder proposal. The board of directors does not believe that this stockholder proposal will promote our company’s best interests or that of our stockholders. Rather, the board of directors believes that our ability to attract, motivate and retain the most talented leaders in the communications service industry would be stifled by the implementation of this stockholder proposal.

The board of directors believes that future arrangements with executives should remain within the discretion of the Compensation Committee, which is responsible for determining the compensation paid to our executive officers. In order to obtain the most experienced and knowledgeable executives, the board of directors believes the Compensation Committee, which is composed entirely of independent, non-employee directors, should be given the opportunity to freely negotiate arrangements with potential executives that will appeal to and ultimately influence an executive’s decision to join us. The Compensation Committee recognizes its responsibility and obligation to recommend and implement executive compensation packages that are in the best interests of our stockholders.

The board of directors believes that executives’ severance agreements maintain the focus of executives and insure that their attention, efforts and commitment are aligned with maximizing the success of our company and stockholder value. These agreements avoid distractions involving executive management that arise when the board of directors is considering possible strategic transactions involving a change of control and assure continuity of executive management and objective input to the board of directors when it is considering any strategic transaction.

In addition to limiting our ability to attract and retain qualified executives who can provide us with meaningful experience and leadership, implementation of the stockholder proposal would create unnecessary burdens on us, as it would require us to seek approval from our stockholders each time we consider extending certain severance packages to executives. We will be required to call special stockholder meetings each time there is a need to receive approval of such a severance arrangement. These meetings may result in a delay between negotiating an agreement with a highly sought after individual and finalizing such an agreement. Special meetings and the potential delay will not only have monetary implications for us, but may heighten the risk that the candidate may completely abandon his or her plans to join us, based upon his or her tenuous agreement with us and the uncertainty that accompanies a stockholder vote.

The board of directors believes that requiring stockholder approval for the implementation of certain severance arrangements would hamper our ability to attract qualified candidates and to successfully negotiate reasonable terms of employment with highly qualified individuals that we wish to employ. The board of directors believes it is in the best interests of our stockholders to allow it and the Compensation Committee to make decisions with respect to severance arrangements. The measures imposed by this stockholder proposal are unnecessary and will inhibit us from recruiting and retaining qualified executive officers.

For the reasons described above, the board of directors recommends a vote **AGAINST** the stockholder proposal.

Our independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and the Audit Committee discussed with our independent registered public accounting firm that firm's independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the board of directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC. The Audit Committee selected KPMG LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2006, which is being presented to stockholders at the meeting for ratification.

**CITIZENS COMMUNICATION COMPANY
AUDIT COMMITTEE CHARTER**

This Audit Committee Charter was adopted by the Board of Directors (the “Board”) of Citizens Communications Company (the “Company”) on April 5, 2006.

This Charter is intended as a component of the flexible governance framework within which the Board, assisted by its committees, directs the affairs of the Company. While it should be interpreted in the context of all applicable laws, regulations and listing requirements, as well as the context of the Company’s Certificate of Incorporation and Bylaws, it is not intended to establish by its own force any legally binding obligations.

Purpose of the Audit Committee

The Audit Committee (the “Committee”) is a committee of the Board. The Committee is responsible for oversight of the Company’s independent auditors who shall report directly to the Committee. The Committee shall assist the Board in undertaking and fulfilling its responsibilities in monitoring (i) the Company’s financial reporting process, (ii) the integrity of the financial statements of the Company, (iii) the Company’s compliance with legal and regulatory requirements, (iv) the independence, qualifications and performance of the Company’s independent auditors, and (v) the qualifications and performance of the Company’s internal audit function. The Committee shall report regularly to the Board. The Committee shall prepare all reports concerning this Charter and the activities of the Committee required by regulations of the Securities and Exchange Commission (the “SEC”) or the New York Stock Exchange (the “NYSE”). In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the authority to engage independent counsel and other advisors as it determines is necessary to carry out its duties. The Company shall provide funding required by the Audit Committee to discharge its responsibilities, including the payment of fees and expenses of the Company’s independent auditors and fees and expenses of other advisors and consultants retained pursuant to this Charter, as well as ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties. The Committee shall have the authority to retain, compensate, direct, oversee and terminate the Company’s independent auditor and any counsel, other auditors and other advisors hired to assist the Committee, who shall be accountable ultimately to the Committee.

Membership

The Committee shall consist of three or more directors, each of whom, in the judgment of the Board, meets the independence requirements of law, rules and regulations applicable to the Company, including the provisions of Section 10A of the Securities Exchange Act of 1934 (the “Exchange Act”), rules of the SEC and requirements of the NYSE or other applicable securities exchange, each as in effect from time to time. Each member shall be financially literate, as determined by the Board. At least one member of the Committee shall, in the judgment of the Board, have such accounting or financial management expertise as to qualify as an “audit committee financial expert,” as defined in the rules of the SEC.

The Board shall determine whether the service by a Committee member on the audit committees of more than two public companies in addition to the Company during the period of service on the Committee impairs his or her ability to fulfill the duties as a member of the Committee.

Powers and Responsibilities

The powers and responsibilities of the Committee are set forth below as a guide to fulfilling the Committee’s purposes, with the understanding that the Committee’s activities may diverge as appropriate given the circumstances. The Committee is authorized to carry out these activities and other actions reasonably related to the Committee purposes or assigned by the Board from time to time. These are in addition to powers and responsibilities that the members of the Committee may have as directors of the

Company or as members of other committees of the Board. The Company's management and independent auditors are responsible for the planning and conduct of the audit of the Company's financial statements and determining that the financial statements are complete and accurate and prepared in accordance with generally accepted accounting principles ("GAAP"); this is not the responsibility of the Committee.

The Committee may form, and delegate any of its responsibilities to, a subcommittee so long as such subcommittee is solely comprised of one or more members of the Committee.

The Committee shall

1. Appoint, subject to non-binding stockholder ratification (and, if appropriate dismiss), evaluate, compensate and oversee (taking into account the opinions of management and the Company's internal auditor, where appropriate) the work of the independent auditor, who shall report directly to the Committee.
2. Meet with the independent auditors prior to the audit to review the scope, planning and staffing of the audit and approve in advance any audit and permitted non-audit services (including the estimated fees and terms thereof) to be provided by the independent auditor, and such other matters pertaining to such audit as the Committee may deem appropriate (with pre-approvals disclosed as required in the Company's periodic public filings).
3. Review a report by the independent auditors at least annually, describing: (i) the independent auditor's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditors or the review of the independent auditors by the Public Company Accounting Oversight Board, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditors, and any steps taken to deal with any such issues; and (iii) all relationships between the independent auditors and the Company which may relate to the auditors' independence (to be set out in the formal written statement described below).
4. On an annual basis: (i) review a formal written statement from the independent auditor delineating all relationships between the independent auditor and the Company, consistent with Independence Standards Board Standard No. 1 (as modified or supplemented), discuss with the independent auditor its independence and take appropriate action in response to the independent auditor's report to satisfy itself of the auditor's independence; (ii) evaluate, and assure the regular rotation of, the lead audit partner as required by law, and consider whether, in the interest of assuring continuing independence of the independent auditor, the Company should regularly rotate its independent auditor; and (iii) set clear hiring policies for employees or former employees of the independent auditors.
5. Review with management, the internal auditors and the independent auditors: (i) any significant findings during the year, including the status of previous audit recommendations; (ii) problems or difficulties encountered in the course of the audit work, including restrictions on the scope of activities or access to required information and disagreements with management; (iii) any changes required in the scope of the audit plan; (iv) the audit budget and staffing; (v) the coordination of audit efforts in order to monitor completeness of coverage, reduction of redundant efforts, and the effectiveness of audit resources; (vi) accounting adjustments that were noted or proposed by the independent auditors but were "passed" (as immaterial or otherwise); (vii) any communications between the audit team and the independent auditors' national office respecting auditing or accounting issues presented by the engagement; and (viii) any management letter proposed to be issued, by the independent auditors.
6. Resolve disagreements between management and the independent auditors regarding financial reporting.

7. Review the Company's financial statements, including: (i) prior to public release, reviewing with management and the independent auditor the Company's annual and quarterly financial statements to be filed with the SEC, including (a) the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," (b) any certifications regarding the financial statements or the Company's internal accounting and financial controls and procedures and disclosure controls and procedures filed with the SEC by the Company's senior executive and financial officers and (c) the matters required to be discussed with the independent auditor by Statement of Auditing Standards ("SAS") Nos. 61, 90 and 100 (or successor provisions); (ii) with respect to the independent auditor's annual report and certification, before release of the annual audited financial statements, meeting separately with the independent auditor without any management member present and discussing the adequacy of the Company's system of internal accounting and financial controls and the appropriateness of the accounting principles used in and the judgments made in the preparation of the Company's audited financial statements and the quality of the Company's financial reports; (iii) meeting separately, periodically, with management, with internal auditors (or other personnel responsible for the internal audit function) and with the independent auditor; and (iv) making a recommendation to the Board regarding the inclusion of the audited annual financial statements in the Company's Annual Report on Form 10-K to be filed with the SEC.
8. Review with management and the independent auditor any material financial or non-financial arrangements that do not appear on the Company's financial statements.
9. Prepare a report to be included in the Company's annual proxy statement stating whether or not the Committee: (i) has reviewed and the audited financial statements with management; (ii) has discussed with the independent auditor the matters required to be discussed by SAS Nos. 61 and 90 (or successor provisions); (iii) has received the written disclosure and letter from the independent auditor (delineating all relationships it has with the Company) and has discussed with the independent auditor its independence; and (iv) based on the review and discussions referred to above, the members of the Committee recommended to the Board that the audited financials be included in the Company's Annual Report on Form 10-K for filing with the SEC.

11. Review matters that have come to the attention of the Committee through reports to the Committee from management, legal counsel, and others, that relate to the status of compliance or disclosure and anticipated future compliance with laws, regulations, internal policies and controls, and that may be expected to be material to the Company's financial statements.
12. Review with management and the independent auditor the potential effect of regulatory and accounting initiatives on the Company's financial statements.
13. Review with management and the independent auditor any correspondence with regulators or governmental agencies and any employee complaints or published reports, that raise material issues regarding the Company's financial statements or accounting policies.
14. Review with management the Company's earnings press releases, as well as financial information and any guidance provided to analysts and ratings agencies, including the use of "pro forma" or "adjusted" financial data. Such review may be done generally (consisting of reviewing the types of

20. Advise the Board with respect to the Company's policies and procedures regarding compliance with applicable laws and regulations and with the Company's Code of Ethics.
21. Approve procedures for the treatment of complaints received by the Company regarding accounting, internal controls over financial reporting or auditing matters. Establish procedures for (i) the receipt, retention and treatment of complaints from employees on accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submissions by Company employees of comments regarding questionable accounting or auditing matters.
22. Review policies and procedures with respect to management expense accounts and perquisites, including management's use of corporate assets, and consider the results of the review of these areas, including compliance with policies and procedures, with the senior internal auditor or the General Counsel.

Amendment

This Charter may be amended only by the affirmative vote of the Board.

4.5 Crediting Stock Unit Accounts.

(a) The Stock Unit Account of each Director shall be credited as of each Grant Date with (1) the Fees that are denominated by the Board as a specified number of Stock Units and (2) the Fees that the Director elects to defer as Stock Units. With respect to Fees that are deferred pursuant to Section 4.1(c) above, the Participant shall be credited with a number of Stock Units determined by dividing the total cash value of such deferred Fees earned and deferred in a quarter by 85% of the Fair Market Value of the Common Stock on the Grant Date. As of the date of any payment of a stock dividend or stock split by the Company, a Participant's Stock Unit Account will be credited with Stock Units equal to the number of shares of Common Stock (including fractional share entitlements) which are payable by the Company with respect to the number of shares (including fractional share entitlements) equal to the number of Stock Units credited to the Participant's Stock Unit Account on the record date for such stock dividend or stock split. As of the date of any dividend in cash or property or other distribution payable to holders of Common Stock, the Participant's Stock Unit Account shall be credited with additional Stock Units equal to the number of shares of Common Stock (including fractional share entitlements) that could have been purchased at the Fair Market Value as of such payment date with the amount which would have been received as a dividend or distribution on the number of shares (including fractional share entitlements) equal to the Stock Units credited to the Participant's Stock Unit Account as of the record date.

(b) On a quarterly basis, or as otherwise appropriate to match increases in Stock Units held in the Plan, the Company may, but shall not be required by the terms of the Plan to, purchase Common Stock on the open market and hold the same in the "Non-Employee Directors' Equity Incentive Plan Account." Also, the Company may enter into a Trust Agreement with a Trustee and may, but shall not be required by the terms of the Plan to, transfer to the Trustee either (1) the number of shares of Common Stock equal to the whole number of Stock Units in the Participants' Stock Unit Accounts for Fees deferred by the Directors on such Grant Date, or (2) cash with instructions to purchase such number of shares of Common Stock either from the Company or in the open market, as determined by the Company. Purchases in the open market by the Trustee shall not be subject to any direct or indirect control or influence over the times when, or the prices at which, or the broker or dealer through which, the Trustee shall buy such shares.

4.6 Time and Method of Distribution.

(a) Distribution of a Participant's Stock Unit Account shall commence at Time of Distribution. Distribution shall be made in a lump sum either in shares of Common Stock or in cash. If a distribution is to be made in cash, it shall be in an amount equal to the Fair Market Value as of the date of Termination of all Stock Units credited to a Participant's Stock Unit Account. The distribution shall be paid to the Participant, the Family Transferee or his or her Beneficiary, as applicable. Any Fees earned in the calendar quarter in which a Participant's Termination occurs shall be distributed in cash, based on the cash amount of such Fees previously established by the Board. For example, if a Director elects to defer quarterly Fees in the amount of \$2,000 and such Fees are not credited to his or her Stock Unit Account because the Termination occurs during such calendar quarter, such Director or his or her Beneficiary will receive a distribution of such Participant's Stock Unit Account plus a lump sum cash payment of \$2,000.

(b) If a distribution is to be made in shares of Common Stock, the distribution shall be such number of shares of Common Stock as shall equal the whole number of Stock Units credited to such Participant's Stock Unit Account. Any remaining fractional interest shall be paid in cash based on the Fair Market Value of the shares of Common Stock represented by such Stock Units on the date of Termination.

(c) In the absence of an effective Stock Unit Election to take effect at the Time of Distribution that sets forth whether such distribution shall be in cash or in Common Stock, the Stock Unit Account shall be paid out in Common Stock.

5. CHANGE IN CONTROL

5.1 A "Change in Control" shall mean and shall be deemed to have occurred as of the date of the first to occur of the following events:

(a) when any "person" as defined in Section 3(a)(9) of the Exchange Act, and as used in Section 13(d) and 14(d) thereof, including a "group" as defined in Section 13(d) of the Exchange Act (but excluding the Company and any subsidiary and any employee benefit plan sponsored or maintained by the Company or any subsidiary (including any trustee of such plan acting as trustee)), directly or indirectly, becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities; or

(b) upon the consummation of any merger or other business combination involving the Company, a sale of substantially all of the Company's assets, liquidation or dissolution of the Company or a combination of the foregoing transactions (the "Transactions") other than a Transaction immediately following which the stockholders of the Company immediately prior to the Transaction own, in the same proportion, at least 51% of the voting power, directly or indirectly, of (i) the surviving corporation in any such merger or other business combination; (ii) the purchaser of or successor to the Company's assets; (iii) both the surviving corporation and the purchaser in the event of any combination of Transactions; or (iv) the parent company owning 100% of such surviving corporation, purchaser or both the surviving corporation and the purchaser, as the case may be.

5.2 Acceleration of Vesting; Termination. If a Change in Control of the Company occurs, then all Options will become immediately exercisable in full and will remain exercisable in accordance with their terms; provided, however, that the Company may provide that the Options shall terminate upon the consummation of such Change in Control, provided that the Company provides a minimum of thirty (30) days' prior written notice to the Participants of such Option termination date.

6. AWARDS NOT TRANSFERABLE; EXCEPTIONS

(a) No Award shall be transferable or subject in any manner to alienation or anticipation other than by will or the laws of descent or distribution except pursuant to a lump-sum property settlement under a domestic relations order as defined by the Internal Revenue Code or Title I of the Employee Retirement

Income Security Act (“ERISA”) and the rules and regulations promulgated thereunder and except that, with the consent of the Committee acting in its sole discretion, a Participant may transfer (a “Family Member Transfer”) an Award to (i) a member of the Participant’s immediate family (which for the purposes of the Plan shall have the same meaning as defined in Rule 16a-1 promulgated under the Exchange Act); (ii) a trust (the “Family Trust”) the beneficiaries of which consist exclusively of members of the Participant’s immediate family; and (iii) a partnership, limited partnership or other limited liability entity (“Family Entity”) the members of which consist exclusively of members of the Participant’s immediate family, Family Trusts and Family Entities; provided that no consideration is paid for the transfer and that each Family Member Transferee execute an instrument agreeing to be bound by the provisions of the Plan and the restrictions as to its transferability of the Award. During the lifetime of a Participant, an Option shall be exercisable only by the Participant or his or her Family Transferee or Beneficiary. A “Family Transferee” is a transferee that is a member of the immediate family of a Participant or a Family Trust or Family Entity.

(b) No Participant may borrow against his or her Stock Units or Options. No Stock Unit Account nor Option shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, garnishment, execution or levy of any kind, whether voluntary or involuntary, including, but not limited to, any liability which is for alimony or other payments for the support of a spouse or former spouse, or for any other relative of a Participant, except with respect to a Family Member Transfer of Awards as described above. Neither a Participant’s Stock Unit Account or Option hereunder nor a Participant’s rights to benefits hereunder may be assigned to any other party by means of a judgment, decree or order (including approval of a property settlement agreement) relating to the provision of child support, alimony payments, or marital property rights of a spouse, former spouse, child or other dependent of the Participant.

(c) In the event that, notwithstanding the foregoing, any Participant’s benefits are garnished or attached by order of any court, the Committee may elect to bring an action for a declaratory judgment in a court of competent jurisdiction to determine the proper recipient of the benefits to be paid by the Plan. During the pendency of said action, any benefits that become payable may be paid into the court as they become payable, to be distributed by a court to the recipient as it deems proper at the close of said action.

7. CREDITORS AND INSOLVENCY

7.1 Unfunded Status. Any and all payments made to a Participant pursuant to the Plan shall be made from the general assets of the Company or assets available to its general creditors. Any payments made in good faith under the terms of the Plan to a Participant or his or her Beneficiary shall fully discharge the Plan, the Company, the Trustee, if any, the Administrator and the Committee from all further obligations with respect to such payments. The Company intends that the Plan shall be considered unfunded for all purposes, including tax purposes and purposes of Title I of ERISA.

7.2 Claims of the Company’s Creditors. All assets held pursuant to the provisions of this Plan shall be subject to the claims of general creditors of the Company, including judgment creditors and bankruptcy creditors. The rights of a Participant or Beneficiary to any assets of the Plan or Trust shall be no greater than the rights of an unsecured creditor of the Company. No Participant shall have any claim or entitlement to any shares of Common Stock which have been purchased, acquired or held by the Plan, Company or any Trustee. Any and all such shares shall be the property of the Company and shall only represent funds or assets available to the Company which it shall have designated to match its obligations and accruals with respect to the Plan.

8. PAYMENT OF SHARES

8.1 Delivery of Certificates for Stock.

(a) At the Time of Distribution or as soon thereafter as practicable, subject to subsection (d) below, the Company shall deliver to a Participant who has elected to receive shares of Common Stock, or to his or her Family Transferee or Beneficiary, a certificate for the shares of Common Stock to which he or she is entitled. At the time of exercise of an Option, subject to subsection (d), the Company shall deliver to the

Participant or to his or her Family Transferee or Beneficiary, a certificate for shares of Common Stock to which he or she is entitled. Such certificates shall be registered in the name of the Participant, Family Transferee or Beneficiary.

(b) The Company shall not be required to issue or deliver any certificates for, or make book-entry reflecting, shares of Common Stock prior to (i) the listing of such shares on any stock exchange or quotation system on which the Common Stock may then be listed or quoted and (ii) the completion of any registration, qualification, approval or authorization of such shares under any federal or state law, or any ruling or regulation or approval or authorization of any governmental body which the Company shall, in its sole discretion, determine to be necessary or advisable.

(c) All certificates for shares of Common Stock delivered under the Plan, and book entries reflecting such shares, shall be subject to such restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Common Stock is then listed and any applicable federal or state securities laws.

(d) If the registration of ownership of Common Stock is then being maintained by the Company or its transfer agent in book-entry form, then the delivery of shares of Common Stock to the Participant, Family Transferee or Beneficiary may be evidenced by book entry.

8.2 Taxes. The Company or the Trustee, as appropriate, shall deduct the amount of any taxes, if so required by law, from any payments made pursuant to the Plan and shall transmit the withheld amounts to the appropriate taxing authority, and provide the Participant, Family Transferee or any Beneficiary of appropriate evidence of withholding. In the case of exercise of an Option or payment in shares of Common Stock, the Participant may request the Company to accept payment of any related withholding taxes in the form of shares of Common Stock valued at Fair Market Value on the exercise date of the Option or payment in shares of Common Stock, as the case may be.

8.3 Payment to Beneficiary, Exercise of Option by Beneficiary. Upon the death of a Participant, the Stock Unit Account of the deceased Participant shall be paid to the Beneficiary as soon as practicable following the date of death. In addition, upon the death of a Participant, the Beneficiary may exercise any Option to the extent exercisable on the date of death.

8.4 Beneficiary Designation. Beneficiary designations shall be made in writing and delivered to the Administrator and shall comply with any applicable state law relating to testamentary dispositions and other requirements. A Participant may designate a new Beneficiary or Beneficiaries at any time by notifying the Administrator. The last such designation received by the Administrator shall be controlling; provided, however, that no designation, or change or revocation thereof, shall be effective unless received by the Administrator prior to the Participant's death, and in no event shall it be effective as of a date prior to such receipt.

9. ADMINISTRATION

9.1 Appointment of Committee.

(a) The Board of Directors shall appoint a Committee, consisting of not less than two persons, to administer and interpret the Plan; provided that, so long as the Company has a class of its equity securities registered under Section 12 of the Exchange Act, such committee will consist solely of two or more members of the Board who are "non-employee directors" within the meaning of Rule 16b-3. Members of a Committee shall hold office at the pleasure of the Board of Directors and may be dismissed at any time with or without cause.

(b) The Board of Directors shall also designate one or more officers or employees of the Company to administer the Plan and to have the primary administrative responsibility with respect to the Plan, in coordination with and under the direction of the Committee.

9.2 Powers of the Administrator and the Committee.

(a) The Committee shall not, under any circumstances, have authority to select those Directors who will be eligible to participate in the Plan or to make decisions concerning the timing, pricing or amount of any benefit, Stock Unit, share of Common Stock or Option under the Plan. All such matters are determined solely by the provisions of the Plan. The Committee shall interpret or supplement the provisions of the Plan where desirable or necessary and may resolve ambiguities or omissions or adopt procedures for the administration of the Plan consistent with the purpose and provisions of the Plan and any rules adopted by the Committee. Whenever directions, designations, applications, requests or other notices are to be given by a Participant under the Plan, they shall be filed with the Committee.

(b) Except as provided in the next paragraph, all decisions, determinations or actions of the Committee made or taken pursuant to grants of authority under the Plan shall be made or taken in the sole discretion of the Committee and shall be final, conclusive and binding on all persons for all purposes.

(c) If the taking of any action or the making of any determination by the Committee shall jeopardize the effectiveness of any exemption of any plan of the Company from Section 16(a) and (b) of the Exchange Act, the Committee shall be deemed to be without the power to take such action or make such determination.

10. SHARES OF COMMON STOCK SUBJECT TO THE PLAN

10.1 Number of Shares. Subject to the provisions of Section 10.2 (relating to adjustments upon changes in capital structure and other corporate transactions), a maximum of 2,000,000 shares of Common Stock may be issued and delivered to Participants, Family Transferees and their beneficiaries under the Plan. If and to the extent that any Award is forfeited, or if any Option granted under the Plan terminates, expires or is cancelled or forfeited, without having been fully exercised, shares of Common Stock subject to such Awards shall again be available for distribution in connection with Awards under the Plan. If the option price of any Option granted under the Plan is satisfied by delivering Previously Acquired Shares to the Company, only the number of shares of Common Stock issued net of the shares of Previously Acquired Shares delivered shall be deemed delivered for purposes of determining the maximum number of shares of Common Stock available for delivery under the Plan. Any shares of Common Stock available for grant under the Amended and Restated Citizens Utilities Company Non-Employee Directors' Deferred Fee Equity Plan (the "Predecessor Plan") on the Effective Date not subject to outstanding awards shall become available for issuance under the Plan. (As of April 5, 2006, approximately 536,751 shares of Common Stock are expected to be available for issuance under the Predecessor Plan. Thus, the total number available for grant under the Plan is expected to be 2,536,751 million.) In addition, if and to the extent that any "plan units" outstanding on May 25, 2006 under the Predecessor Plan are forfeited, or if any option granted under the Predecessor Plan terminates, expires, or is cancelled or forfeited, without having been fully exercised, shares of Common Stock subject to such "plan units" or options cancelled shall become available for issuance under the Plan. Any share of Common Stock transferred by the Company to a Stock Unit Account or to the Trustee or delivered by the Company upon exercise of an Option hereunder may consist, in whole or in part, of authorized and unissued shares or treasury shares. No fractional shares shall be issued under the Plan. Cash may be paid in lieu of any fractional shares in settlements of Awards under the Plan.

10.2 Adjustments in Event of Change in Common Stock.

Subject to the provisions of Sections 5.1 (relating to a Change in Control), in the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting shares of Common Stock, such adjustments, if any, as the Committee in its discretion may deem appropriate to reflect such change shall be made with respect to (a) the aggregate number of shares of Common Stock that may be issued under the Plan; (b) the number of shares of Common Stock subject to Awards of a specified type or to any Participant; and/or (c) the price per share for any outstanding Options granted under the Plan.

11. MISCELLANEOUS

11.1 Term of Plan. The Plan shall be effective as of the Effective Date, subject to approval by the stockholders of the Company. The Plan shall terminate on the tenth anniversary of the Effective Date, unless earlier terminated by the Board in its sole discretion or by the Committee in accordance with Section 11.4 of the Plan. The termination of the Plan shall not impact any outstanding Options or Stock Unit Accounts. Notwithstanding the foregoing, the Board may terminate the Plan and the Committee shall have the authority to terminate all deferral elections (1) in the event of a corporate dissolution taxed under Section 331 of the Code, (2) with the approval of a bankruptcy court pursuant to 11 U.S.C. Section 503(b)(1)(A) or (3) as a result of such other liquidation or similar event that constitutes a permitted termination of the Plan under Section 409A of the Code and regulations and guidance thereunder.

11.2 Participants' Rights. Nothing contained in this Plan shall be construed as giving any Participant the right to be retained as a Director of the Company or as limiting, in any way, any right that any party or parties may have to remove a Participant as a Director of the Company or to appoint or to elect another individual to replace a Participant as a Director of the Company. Nothing contained in this Plan shall be construed as giving any Participant the right to receive any benefit not specifically provided by the Plan. Any other provision of the Plan notwithstanding, a Participant shall not have any interest in the amounts credited to his Stock Unit Account until such Stock Unit Account is distributed in accordance with the provisions of the Plan.

11.3 Amendments; Other. The Board may at any time modify and amend the Plan in any respect; provided, however, that stockholder approval shall be obtained prior to any such amendment becoming effective if such approval is required by law, the rules of the stock exchange on which the shares of Common Stock are then listed, or is necessary to comply with regulations promulgated by the Securities and Exchange Commission under Section 16(b) of the Exchange Act, provided further that, no amendment, modification, termination or suspension of the Plan shall in any manner materially adversely affect any Award theretofore granted under the Plan, without the consent of the Participant holding such Award, except that no such consent shall be required if the Board determines in its sole discretion that such amendment, modification or termination is required or advisable in order for the Company, the Plan or the Award to satisfy any applicable law or regulation, stock exchange rule, over-the-counter market rule, or to meet the requirements of any intended accounting treatment. Notwithstanding the foregoing, the Board may (but shall not be required to) amend the Plan without obtaining the consent of any Participant to the extent necessary (as determined by the Board in its sole discretion) to meet the requirements of Section 409A of the Code and the guidance issued thereunder such that the additional taxes and penalties set forth in Section 409A(a)(i)(B) of the Code will not apply to transactions contemplated by the Plan or any Participant's Award agreement with respect to an Option or Stock Unit. The Company shall have no liability whatsoever for or in respect of any decision to take action to attempt to so comply with Code Section 409A, any omission to take such action or for the failure of any such action taken by the Company to so comply.

11.4 Change in Tax Law. The Plan is intended to be treated as an unfunded deferred compensation plan under the Code and is intended to comply in form and operation with the requirements of Section 409A of the Code. It is the intention of the Company that the amounts deferred pursuant to this Plan shall not be included in the gross income of the Participants or their Beneficiaries until such time as the deferred amounts are distributed from the Plan. If, at any time, it is determined or claimed by the Internal Revenue Service ("Service") that amounts deferred in earlier Plan Years have become currently taxable to the Participants or their Beneficiaries, the Committee may, in its discretion, terminate the Plan and distribute amounts credited to the Participants, Family Transferees or Beneficiaries. Such determination shall be based on a ruling or publicly available pronouncement from the Service, or on the position taken by the Service in audit, or a written opinion from tax counsel.

11.5 Notices. All elections, designations, requests, notices, instructions and other communications from a Director, Participant, Beneficiary or other person to the Administrator, required or permitted under the Plan, shall be in such form as is prescribed from time to time by the Administrator and shall be mailed by

registered or certified mail, postage prepaid first class mail, nationally recognized overnight courier, delivered by facsimile, personally delivered or otherwise delivered to such location as shall be specified by the Administrator.

11.6 Captions. The use of captions in the Plan is for convenience. The captions are not intended to provide substantive rights.

11.7 Governing Law. The validity and construction of the Plan and the instruments evidencing the Awards granted hereunder shall be governed by the substantive laws of the State of Delaware.

11.8 Binding Effect. The terms of the Plan shall be binding upon the Company and its successors and assigns.
