Mr. Wick, who has served on the Board since 2005, is not standing for re-election at our Annual Meeting.

**All of our directors attended over 75% of the meetings of the Board and committees on which they served in 2017.**

## Board Characteristics

We believe that diversity in its many forms, and the breadth of perspective that it brings, enhances the effectiveness of the Board.

## Corporate Governance Highlights

The Board is committed to exercising good corporate governance practices. This includes:

- ✓ All independent directors (except our CEO)
- ✓ An independent Chairman of the Board with extensive duties
- ✓ Each standing committee composed exclusively of independent directors
- ✓ Annual elections of all directors (not a staggered Board)
- ✓ Frequent executive sessions of independent directors
- ✓ Majority voting for our director elections
- ✓ Stock ownership guidelines for executive officers and non-management directors
- ✓ Annual Board and committee self-evaluations
- ✓ A robust clawback policy

## 2017 Review

2017 was a period of immense change and development for Frontier Communications. We ended the year in a much stronger position than we started, and in 2018 we are poised to achieve further improvements, most notably in California, Texas, and Florida (CTF). These markets have leading-edge, fiber-to-the-home networks that enable best-in-class broadband, video and other communications services for consumers and businesses.

In 2017, we systematically addressed performance issues in CTF that negatively affected revenue, profitability, and our stock price. We achieved steady improvements in Frontier FiOS® customer trends. We also made the decision to suspend the common dividend effective with the first quarter of 2018. This action will free up \$250 million of additional cash annually, following the conversion of the company's mandatory convertible preferred stock in June 2018, to accelerate debt reduction.

We still have substantial work ahead, but we remain fully committed to increasing shareholder value.

## Executive Compensation

Our Compensation Committee sets executive compensation each year based upon the following philosophy:

**Establish clear alignment between the interests of our executives and those of our stockholders** by rewarding performance measured by key financial metrics, strategic objectives and relative total stockholder return, and through the use of equity awards as a significant component of annual compensation.

**Reinforce our performance culture** for our Named Executive Officers (NEOs) by making a majority of their compensation at risk, i.e., contingent upon achievement of specified company and individual performance goals.

**Hire and retain talented executives** by having a compensation program that is competitive in relation to comparable companies based on size, overall complexity and the nature of our business.

**Ensure company goals are fully aligned throughout the organization.** Each year, we establish company-wide goals to achieve Frontier's business plan for the year. Our NEOs are compensated to the extent they are successful in leading Frontier to achieve these goals for each year.

In light of the challenges we faced in 2017 and the resulting decline in the price of our common stock, Frontier paid no annual cash bonuses for 2017 performance. The Compensation Committee elected to grant executives restricted stock awards, performance share awards and performance cash awards (but not as replacement for the annual cash bonus). We believe that these awards tie the interests of our executives and our stockholders.

For additional information about our executive compensation practices, see "Compensation Discussion and Analysis."

**Frontier believes that our compensation program is a sound reflection of our compensation philosophy and, as such, our Board recommends that stockholders vote FOR our 2018 Say-On-Pay proposal.**

## QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

### Why did I receive these proxy materials?

This Proxy Statement is being furnished to you in connection with the Board's solicitation of proxies to be voted at our 2018 Annual Meeting of Stockholders, which is being held on May 9, 2018, at 10:00 a.m., Eastern Time, via the internet at [www.virtualshareholdermeeting.com/FTR2018](http://www.virtualshareholdermeeting.com/FTR2018), and at any adjournments thereof (the Annual Meeting).

### What is included in our proxy materials?

Our proxy materials, which are available on the Investor Relations page of our website, [www.frontier.com](http://www.frontier.com), include:

- Our Notice of Annual Meeting of Stockholders;
- Our Proxy Statement; and
- Our 2017 Annual Report to Stockholders.

If you received printed versions of these materials by mail (rather than through electronic delivery), these materials also included a proxy card or voting instruction form.

The information on our website is not incorporated herein by reference.

### How is Frontier distributing proxy materials?

Under rules adopted by the Securities and Exchange Commission (the SEC), we have elected to furnish the proxy materials to many of our stockholders via the Internet. On or about March 27, 2018, we began mailing to holders of our common stock (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability of Proxy Materials. If you received the Notice, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the proxy materials. The Notice also instructs you on how you may submit your proxy via the Internet. Stockholders who do not receive the Notice will continue to receive either a paper or electronic copy of our Proxy Statement and 2017 Annual Report, which will be sent on or about March 27, 2018.

If you received a Notice by mail and would like to receive a copy of our proxy materials, follow the instructions (contained in the Notice) regarding how you may request to receive your materials electronically or in printed form on a one-time or ongoing basis. We encourage you to receive all future proxy materials electronically to help us save printing costs and postage fees, as well as natural resources in producing and distributing these materials. If you wish to receive these materials electronically next year, please follow the instructions on the proxy card or on the Investor Relations page of our website, [www.frontier.com](http://www.frontier.com).

Requests for printed copies of the proxy materials can be made via the Internet at [www.proxyvote.com](http://www.proxyvote.com), by telephone at 1-800-579-1639 (or, for callers without touch-tone phones, 1-866-232-3037) or by email at [sendmaterial@proxyvote.com](mailto:sendmaterial@proxyvote.com) by sending a blank email with your control number (the 12 digit identifying number in the box on the Notice) in the subject line.

**What matters will be voted on at the Annual Meeting?**

The following matters are scheduled for vote by stockholders at the Annual Meeting:

|   |   |
|---|---|
| 1 | Elect the 9 nominees named in this Proxy Statement to serve as directors  |
| 2 | Approve, on an advisory basis, Frontier's executive compensation  |
| 3 | Ratify the selection of KPMG LLP as Frontier's independent registered public accounting firm for 2018                     |
| 4 | Transact any other business that may properly be brought at the Annual Meeting or any adjournment or postponement thereof |

**Who can vote at our Annual Meeting?**

You can vote your shares of common stock at our Annual Meeting if you were a stockholder at the close of business on March 12, 2018, the record date for our Annual Meeting. As of March 12, 2018, there were 78,317,891 shares of common stock outstanding, with each share entitled to one vote.

**How can I participate in the Annual Meeting?**

We are excited to invite stockholders to participate in the Annual Meeting virtually via the internet at [www.virtualshareholdermeeting.com/FTR2018](http://www.virtualshareholdermeeting.com/FTR2018). We believe hosting a virtual meeting will promote greater stockholder attendance, by enabling stockholders that might not otherwise be able to travel to a physical meeting to attend online, while also reducing the costs of the annual meeting.

We are committed to enhancing the stockholder experience at the annual meeting. We have engaged Broadridge Financial Solutions to host the virtual annual meeting. On the date of the Annual Meeting, Broadridge Financial Solutions will be available via telephone at 1-855-449-0991 to answer your questions regarding how to participate in the Annual Meeting virtually via the internet. On the day of the annual meeting, Broadridge Financial Solutions will open the portal in advance of the meeting so that you may have time prior to the meeting to submit questions you may have for the Company. In order to vote or submit a question, you will need to follow the instructions posted at [www.virtualshareholdermeeting.com/FTR2018](http://www.virtualshareholdermeeting.com/FTR2018) and will need the control number provided on your Notice, proxy card or voting instructions. In addition, you may submit questions in advance of the meeting at [www.proxyvote.com](http://www.proxyvote.com).

**What is the quorum requirement for our Annual Meeting?**

Holders of a majority of the outstanding shares of common stock entitled to vote must be present or represented by proxy in order for action to be taken at the Annual Meeting. Abstentions and broker non-votes are treated as present for quorum purposes.

**How do I vote my shares?**

The availability of Internet and telephone voting will depend on their voting procedures.   |

All proxy cards and ballots must be received by the independent inspector before the polls close at the meeting. |

\*Internet and telephone voting procedures are designed to authenticate stockholder identities, to allow stockholders to give voting instructions and to confirm that stockholders' instructions have been recorded properly. A control number, located on the Notice and proxy card, will identify stockholders and allow them to vote their shares and confirm that their voting instructions have been properly recorded. Stockholders voting via the Internet or telephone should understand that there may be costs associated with voting via the Internet or telephone, such as usage charges from Internet access providers and telephone companies, which must be borne by the stockholder.

If a stockholder neither returns a signed proxy card, votes via the Internet or by telephone, nor participates in the Annual Meeting and votes via the internet, his or her shares will not be voted.

**Can I change my mind after I have voted?**

You can revoke your proxy at any time before the Annual Meeting by giving written notice of revocation to our Secretary, at our address stated on the cover page of this Proxy Statement, by executing and delivering a later-dated proxy, either in writing, by telephone or via the Internet, or by participating in the Annual Meeting and voting virtually via the internet at [www.virtualshareholdermeeting.com/FTR2018](http://www.virtualshareholdermeeting.com/FTR2018). Participation in the Annual Meeting will not alone constitute revocation of a proxy.

**Do I hold my shares as a registered stockholder or in street name?**

If your shares of common stock are owned directly in your name, as shown in the records of our transfer agent, Computershare Investor Services, you are considered a registered holder of those shares.

If your shares of common stock are held by a broker, bank or other nominee, you hold those shares in street name. Your broker, bank or other nominee will vote your shares as you direct.

**If I hold my shares in street name, does my broker need instructions in order to vote my shares?**

If you hold shares of common stock in street name and you do not submit specific voting instructions to your broker, bank or other nominee, how your shares may be voted will depend on the type of proposal. Brokers, banks and other nominees generally will have discretion to vote your shares on routine matters, but will not have discretion to vote your

shares on non-routine matters. When the broker, bank or other nominee is unable to vote on a proposal because the proposal is not routine and you do not provide voting instructions, a “broker non-vote” occurs and, as a result, your shares will not be voted on these proposals.

- The ratification of the appointment of KPMG LLP as our independent registered public accountant for 2018 (Proposal No. 3) is considered routine under applicable rules. Your broker, bank or other nominee may vote in their discretion without instruction from you.
- All other matters to be voted on at the Annual Meeting are considered non-routine under applicable rules. Your broker, bank or other nominee will not be able to vote without instruction from you.

**If I hold my shares as a registered stockholder but do not give specific voting instructions, how will my shares be voted?**

If you sign, date and return a proxy card but do not give specific voting instructions, then the proxy holders will vote your shares in the manner recommended by our Board on all matters presented in this Proxy Statement, and the proxy holders may determine in their discretion how to vote your shares on any other matters properly presented for a vote at our Annual Meeting. Although our Board does not anticipate that any of the director nominees will be unable to stand for election as a director nominee at our Annual Meeting, if this occurs, proxies will be voted in favor of such other person or persons as may be nominated by our Board.

**What vote is required for adoption or approval of each matter to be voted on, and how does the Board recommend that I vote?**

We have adopted a policy under which, in non-contested elections, if a director fails to win a majority of votes, the director must immediately tender his or her resignation from the Board, and the Board then decides at its next regularly scheduled meeting, through a process managed by the Nominating and Corporate Governance Committee and excluding the nominee in question, whether to accept the resignation.

**What is “Householding”?**

We have adopted a procedure approved by the SEC called “householding.” Under this procedure, stockholders of record who have the same address and last name will receive only one copy of our Proxy Statement and Annual Report unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees. Stockholders who participate in householding will continue to receive separate proxy cards. Householding will not in any way affect dividend check mailings.

If your household received a single set of proxy materials, but you would prefer to receive a separate copy of this Proxy Statement and Annual Report, please contact our transfer agent, Computershare Investor Services (in writing: P.O. Box 43078, Providence, RI 02940-3078; or by telephone: in the U.S., Puerto Rico and Canada, 1-877-770-0496; outside the U.S., Puerto Rico and Canada, 1-781-575-2382).

Stockholders who hold their shares in street name can request information about householding from their banks, brokers or other nominees.

**Who bears the cost of soliciting votes for the Annual Meeting?**

We will bear the costs of solicitation of proxies for the Annual Meeting. In addition to solicitation by mail, directors, officers and our regular employees may solicit proxies from stockholders by telephone, personal interview or otherwise. These directors, officers and employees will not receive additional compensation, but may be reimbursed for out-of-pocket expenses in connection with this solicitation. In addition to solicitation by our directors, officers and employees, we have engaged Innisfree M&A Incorporated to assist in the solicitation of proxies and provide related advice and informational support, for a base fee of \$15,000, plus customary disbursements. Banks, brokers, other nominees, fiduciaries and other custodians have been requested, with respect to shares of record held by them, to forward soliciting material to the beneficial owners of common stock, and these custodians will be reimbursed for their reasonable expenses.

Based solely upon a review of the copies of such reports furnished to us, or representations that no reports were required, we believe that during the year ended December 31, 2017, all persons subject to the reporting requirements of Section 16(a) filed the required reports on a timely basis.

# PROPOSAL 1: ELECTION OF DIRECTORS

## Election Process

Each director is elected at the annual stockholder meeting to hold office until the next annual stockholder meeting or until his or her successor has been elected and qualified. Directors are elected by a majority of the votes of the holders of shares of common stock present in person or represented by proxy at the meeting and entitled to vote at the meeting.

If any of the Board's nominees becomes unavailable prior to the Annual Meeting to serve as a director, the Board may select a replacement nominee or reduce the number of directors to be elected. The proxy holders will vote the shares for which they serve as proxy for any replacement candidate nominated by the Board.

## Nominations

Our Nominating and Corporate Governance Committee evaluates and recommends to the Board candidates for nomination to the Board in accordance with our Corporate Governance Guidelines and membership guidelines adopted by our Board described under "Director Qualifications," below.

Stockholders may propose director candidates for consideration by the Nominating and Corporate Governance Committee. Any such recommendation should include the nominee's name and qualifications for membership on the Board and should be directed to our Secretary at the address of our principal executive offices. To nominate an individual for election at an annual stockholder meeting, the stockholder must give timely notice to our Secretary in accordance with our bylaws, which, in general, require that notice be received by our Secretary not less than 90 days nor more than 120 days before the anniversary date of the immediately prior annual stockholders meeting, unless the annual meeting is moved by more than 30 days before or after the anniversary of the prior year's annual meeting, in which case the notice must be received not less than a reasonable time, as determined by our Board, prior to the printing and mailing of proxy materials for the applicable annual meeting. The notice should include a description of the qualifications of the suggested nominee and any information that is required by the regulations of the SEC concerning the suggested nominee and his or her direct or indirect securities holdings or other interests in Frontier. See "Proposals by Stockholders" for the deadline for nominating persons for election as directors for the 2019 annual meeting of stockholders.

Decisions regarding the renomination of directors are made by the Board, upon the recommendation of the Nominating and Corporate Governance Committee, which annually evaluates each director's performance and contribution to the Board. Under our Corporate Governance Guidelines, a non-employee director will not ordinarily be renominated if he or she has served on the Board for 15 years, but the Nominating and Corporate Governance Committee may recommend to the Board for renomination a director regardless of the length of his or her service if, in the judgment of the Nominating and Corporate Governance Committee, such renomination is in the best interests of Frontier and our stockholders.

## Director Qualifications

Each candidate for nomination as a director, including each person recommended by stockholders, is evaluated in accordance with our Corporate Governance Guidelines and additional guidelines adopted by our Board. The additional guidelines set forth specific characteristics that each nominee must possess, set forth below.

- A reputation for integrity, honesty, fairness, responsibility, good judgment and high ethical standards.
- Broad experience at a senior, policy-making level in business, government, education, technology or public interest.
- The ability to provide insights and practical wisdom based on the nominee's experience and expertise.
- An understanding of a basic financial statement.
- Comprehension of the role of a public company director, particularly the fiduciary obligation owed to Frontier and our stockholders.
- Commitment to understanding Frontier and its industry and to spending the time necessary to function effectively as a director.
- An absence of a conflict of interest (or appearance of a conflict of interest) that will impair the nominee's ability to fulfill his or her responsibilities as a director.

Under the additional guidelines, the Nominating and Corporate Governance Committee also evaluates whether the background and qualifications of the directors, as a group, is diverse, and whether each individual nominee possesses a depth of experience, knowledge and ability that will enable him or her to assist the other directors in fulfilling the Board's responsibilities to Frontier and our stockholders. Each nominee must also be willing to commit that he or she will comply with our director stock ownership guidelines.

In addition, a nominee should be "independent," as defined by the SEC and the Nasdaq Listing Rules. To the extent permitted by applicable law and our bylaws, nominees who do not qualify as independent may be nominated when, in the opinion of the Nominating and Corporate Governance Committee, such action is in the best interests of Frontier and our stockholders.

Although we do not have a formal policy regarding Board diversity, when evaluating candidates for nomination as a director, the Nominating and Corporate Governance Committee does consider diversity in its many forms, including among others, experience, skills, ethnicity, race and gender. We believe a diverse Board, as so defined, provides for different points of view and robust debate and enhances the effectiveness of the Board. Currently, the Board includes one or more current and/or former CEOs, CFOs, investment bankers, experts in communications, marketing and strategy, auditors and individuals of different race, gender, ethnicity and background.

In the interest of promoting diversity and new perspectives on the Board, the Board has adopted a policy pursuant to which one long-standing director will elect not to stand for re-election at the Annual Meeting. This began at the 2017 Annual Meeting when Ms. Lorraine Segil, who had served on the Board since 2005, elected not to stand for re-election at the 2017 Annual Meeting. Mr. Wick, a Board member since 2005, has elected not to stand for re-election at the 2018 Annual Meeting, and, assuming Mr. Barnes is re-elected at this year's meeting, the Board expects Mr. Barnes, a Board member since 2005, not to stand for re-election at the 2019 Annual Meeting. Further, the Board has engaged an executive search firm to help it identify, evaluate and recruit potential director candidates.

## Director Nominees

At the Annual Meeting, nine nominees are to be elected and each will hold office until the next annual stockholder meeting or until his or her successor has been elected and qualified. The Board, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated the nine individuals listed below, each of whom is currently serving as a director. Each nominee has agreed to be named in this Proxy Statement and to serve if elected.

As previously disclosed, Mr. Wick will not seek re-election at the Annual Meeting. Mr. Wick has served on the Board since 2005, and Frontier thanks Mr. Wick for his many years of dedication and service to the Company.

**The Board unanimously recommends that you vote FOR the election of the following director nominees:**

Each non-employee director is paid an annual \$95,000 retainer. The Chairman of the Board is also paid an annual stipend of \$175,000, 45% in cash and 55% in stock units, and each committee chair is paid a stipend (\$25,000 for the Audit Committee, \$20,000 for the Compensation Committee, \$15,000 for the Retirement Plan Committee and \$15,000 for the Nominating and Corporate Governance Committee).

Directors may elect, by December 31 of the prior year, whether to receive the retainer and stipend, if any, in cash or stock units. Directors are also entitled to reimbursement for reasonable expenses they incur in connection with Board meetings they attend in person. The annual retainer is payable in advance in equal quarterly installments on the first business day of each quarter. Stipends are payable in arrears in equal quarterly installments on the last business day of each quarter.

### Annual Fee – Paid in Stock Units

Non-employee directors receive additional compensation in the form of stock units. In 2017, each non-employee director received a \$120,000 fee in the form of stock units. Stock units for fees are earned quarterly and credited to the director's account on the last business day of the quarter in which the fees are earned.

The number of stock units credited equals the amount of the retainer, stipend or fee (as appropriate) divided by the closing price of our common stock on the credit date of the stock units. We hold all stock units until a director's termination of service, at which time the units are redeemable, at the director's election, in either cash or in shares of our common stock.

The following table sets forth compensation information earned for 2017 by each non-employee director.

(1) The amounts shown in this column represent the grant date fair value in accordance with Financial Accounting Standards Board ASC Topic 718 of the stock units granted to directors in 2017. For a discussion of valuation assumptions, see Note 11 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2017. Dividends are paid on stock units held by directors at the same rate and at the same time as we pay dividends on shares of our common stock. No above-market or preferential dividends were paid with respect to any stock units. Dividends on stock units are paid in the form of additional stock units.

(2) Departed the Board after not standing for reelection at the 2017 Annual Meeting.

At December 31, 2017, Mr. Fraioli and Mr. Shapiro each held 666.67 stock options. Such stock options were granted with an exercise price equal to the closing price of our common stock on the date each director was elected to the Board. The options became exercisable six

months after the grant date and expire on the tenth anniversary of the grant date or, if earlier, on the first anniversary of the director's termination of service. Since October 2010, directors are no longer eligible to receive stock option grants upon joining the Board.

In addition, our bylaws require us to indemnify our directors and officers to the fullest extent permitted by law, so that they may be free from undue concern about personal liability in connection with their service to the Company. We have also entered into indemnification agreements with our directors and officers that provide similar indemnification rights.

# CORPORATE GOVERNANCE

We maintain corporate governance policies and practices that reflect what the Board believes provide appropriate oversight, leadership and independence as well as those required by the Sarbanes-Oxley Act of 2002 and the rules of the SEC and the Nasdaq Stock Market (Nasdaq), on which our common stock is listed. A copy of our Corporate Governance Guidelines is available upon request to our Secretary, or may be viewed or downloaded from the Investor Relations page of our website, [www.frontier.com](http://www.frontier.com).

## Leadership Structure

Our Board is led by Pamela D.A. Reeve, who became non-executive Chairman of the Board of Directors in April 2016. Ms. Reeve had previously held the position of Lead Director and has been an independent member of our Board since 2010. The Board has determined that it is in the best interests of our stockholders at this time to separate the roles of Chairman and CEO. The Board will continue to evaluate our leadership structure based on the best interests of Frontier and our stockholders.

### The Role of the Chairman:

- Call meetings of the Board and non-management directors (including those to be attended only by independent directors) when appropriate and preside at such meetings. Following each executive session, the Chairman will discuss with the CEO any issues arising in such executive session.
- Coordinate the flow of information to and among independent directors and, if any, other non-management directors.
- Collaborate with the CEO to set Board meeting agendas and review and approve Board meeting schedules to ensure that there is sufficient time for discussion of all agenda items. All Board members are encouraged to communicate to the Chairman any additional agenda items that they deem necessary or appropriate in carrying out their duties.
- Periodically solicit from other independent and non-management directors comments or suggestions related to Board operations, including the flow of information to directors, the setting of meeting agendas and the establishment of the schedule of Board meetings, and communicate those suggestions to the CEO. The Chairman shall also seek to ensure that there is: (a) an efficient and adequate flow of information to the independent and non-management directors; (b) adequate time for the independent and non-management directors to consider all matters presented to them for action; and (c) appropriate attention paid to all matters subject to oversight and actions by the independent and non-management directors.
- Attend all committee meetings, as appropriate. The Chairman shall work with each committee chair to ensure that each committee is effectively functioning and providing ongoing reports to the Board.
- Serve as the liaison between the independent and non-management directors, on the one hand, and the CEO, on the other, and as the representative of the independent and non-management directors in communications with the CEO and management outside of regular Board meetings.
- Serve as liaison and provide direction to advisers and consultants retained by the independent directors.

Our Board does not have a policy as to whether the roles of Chairman and CEO should be separate or combined. However, if the roles are combined, the Board will also have a Lead Director. Our Nominating and Corporate Governance Committee annually reviews our leadership structure to determine whether the existing structure is in the best interests of Frontier and its stockholders.

## Chief Executive Officer Succession

The Board is actively engaged in managing executive talent and succession planning. The Nominating and Corporate Governance Committee reviews and considers succession development plans for the CEO and the development of executive talent. The Board also evaluates the adequacy and effectiveness of Frontier's succession plan for the CEO in connection with its annual assessment of the performance of the CEO.

## Chief Executive Officer Pay Ratio

We determined that the 2017 median annual total compensation of all our employees who were employed as of December 31, 2017, other than our CEO, Dan McCarthy, was \$101,408; Dan McCarthy's 2017 annual total compensation was \$6,038,195; and the ratio of these amounts was 60:1. As of December 31, 2017, our total population consisted of 22,700 employees. To identify the median compensated employee, we used a Consistently Applied Compensation Measure (CACM) defined as annual base salary as of December 31, 2017.

## Director Independence

The Board is required to affirmatively determine that a majority of the directors qualify as independent under Nasdaq listing standards. The Board undertakes an annual review of director independence by reviewing relationships between Frontier and each director as well as Frontier and the organizations with which each director is affiliated.

After considering the relevant facts, the Board has determined that no director, other than Mr. McCarthy, has a material relationship with Frontier (either directly or as a partner, stockholder or officer of an organization that has a relationship with Frontier) that would impair the director's ability to exercise independent judgment in carrying out his or her responsibilities as a director. Therefore, all of our directors, other than Mr. McCarthy, are independent under Nasdaq listing standards.

Mr. Shapiro, who serves on our Retirement Plan Committee, is the Co-President of WME/IMG. During 2017, Frontier engaged WME/IMG to assist in the negotiation and entry into certain sponsorship and content arrangements. The Nominating and Corporate Governance Committee and the Board reviewed this business relationship and determined that the value of the engagement was immaterial to WME/IMG, given the amount and WME/IMG's gross revenues, and that Mr. Shapiro's independence is not impaired.

**The Board has determined that 8 of our 9 director nominees are independent**

## Risk Management and Board Oversight

The Board is responsible for oversight of Frontier's risk management process, and the full Board regularly discusses exposure to various potentially material risks. In accordance with our Corporate Governance Guidelines, the Audit Committee also reviews risk exposures and the guidelines and policies governing management's assessment and management of exposure to risk, including the enterprise risk management (ERM) process.

Management is responsible for Frontier's risk management activities, including the annual ERM process, which is jointly administered by the Chief Financial Officer and the Senior Vice President, Internal Audit. As part of the ERM process, each member of senior management and his or her direct reports participate in an annual identification, assessment and evaluation of risks. The individual risks are aggregated across Frontier to help management determine our enterprise level risks. For each such risk, one or more mitigation strategies are developed and implemented to minimize or manage that risk. During the course of the year, periodic monitoring, self-assessment and reporting to the Audit Committee are performed by senior management to:

- Update the trending of each risk, compared to the latest annual ERM review;
- Identify/consider new and emerging risks;
- Assess the implementation status/effectiveness of each mitigation strategy; and
- Identify changes to mitigation strategies, if necessary.

## Attendance at Meetings

In 2017, the Board held 11 meetings. All of our directors attended over 75% of the meetings of the Board and committees on which they served in 2017. In accordance with our policy, all members of the Board attended last year's annual meeting of stockholders.

## Committees of the Board

The Board has four standing committees: Audit, Compensation, Nominating and Corporate Governance, and Retirement Plan. Each committee is composed solely of independent directors and operates under a written charter adopted by the Board (available on the Investor Relations page of our website, [www.frontier.com](http://www.frontier.com)).

Mr. Barnes is on the audit committee of The McClatchy Company and each of the Principal Funds, Inc. investment companies of which he is a board member. We do not formally limit the number of audit committees on which our Audit Committee members may serve, but instead review on a case-by-case basis. After careful consideration, our Board determined that Mr. Barnes' service on the other audit committees would not impair his ability to effectively serve on our Audit Committee.

## Director Stock Ownership Guideline

Each non-management director is expected to own shares of our stock having a minimum value of five times the cash portion of the annual non-management director retainer (which currently equates to \$475,000) by the later of February 15, 2017 and five years after joining the Board. Stock unit grants are counted for purposes of fulfilling this guideline. Each non-management director is required to hold 100% of all stock units granted as compensation for Board service until his or her termination of service, and compliance with such 100% retention is an alternative method of complying with the director stock ownership guideline.

## Executive Sessions of the Board of Directors

Our independent directors have regularly scheduled executive sessions in which they meet outside the presence of management. Pamela D.A. Reeve, in her role as Chairman, presides at executive sessions of the Board.

## Communications with the Board of Directors

Any stockholder or interested party who wishes to communicate with the Board or any specific director, any non-management director, the non-management directors as a group, any independent director or the independent directors as a group, may do so by writing to such director or directors at: Frontier Communications Corporation, 401 Merritt 7, Norwalk, Connecticut 06851. This communication will be forwarded to the director or directors to whom it is addressed. This information regarding contacting the Board is also posted on the Investor Relations page of our website, [www.frontier.com](http://www.frontier.com).

## Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics (the Code of Conduct) to which all employees, executive officers and directors (which for purposes of the Code of Conduct we collectively refer to as "employees") are required to adhere in addressing the legal and ethical issues encountered in conducting their work. The Code of Conduct requires that all

employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner, and otherwise act with integrity. Employees are required to report any conduct that they believe is an actual or apparent violation of the Code of Conduct and may do so anonymously by using our Ethics Hotline. Specific provisions applicable to our principal executive officer and senior financial officers are in the Specific Code of Business Conduct and Ethics Provisions for Certain Officers (the Executive Code). We disclose on our website any amendment to, or waiver of, any provision of our Code of Conduct or Executive Code that is required to be disclosed pursuant to securities laws. Copies of the Code of Conduct and the Executive Code are available upon request to our Secretary, or may be viewed or downloaded from the Investor Relations page of our website, [www.frontier.com](http://www.frontier.com).

## Related Person Transactions Policy

The Board has adopted a policy addressing our procedures with respect to the review, approval and ratification of “related person transactions” that are required to be disclosed pursuant to SEC regulations. The policy provides that any transaction, arrangement or relationship, or series of similar transactions, to which we are a party, that exceeds \$120,000 in the aggregate, with a “related person” (as defined in the SEC regulations) who has or will have a direct or indirect material interest shall be subject to review, approval or ratification by the Nominating and Corporate Governance Committee. In its review of related person transactions, the Nominating and Corporate Governance Committee shall review the material facts and circumstances of the transaction and shall take into account specified factors, where appropriate, based on the particular facts and circumstances, including (i) the nature of the “related person’s” interest in the transaction, (ii) the significance of the transaction to us and to the “related person” and (iii) whether the transaction is likely to impair the judgment of the “related person” to act in the best interest of Frontier.

No member of the Nominating and Corporate Governance Committee may participate in the review, approval or ratification of a transaction with respect to which he or she is a “related person,” although such director can be counted for purposes of a quorum and shall provide such information with respect to the transaction as may be reasonably requested by other members of the Committee or the Board.

## Compensation Discussion and Analysis

### Named Executive Officers

| Daniel J. McCarthy   | President and Chief Executive Officer                  |

| John J. Lass         | Executive Vice President, Customer Operations          |
| Cecilia K. McKenney* | Executive Vice President, Consumer Sales and Marketing |

Ms. McKenney stepped down as Frontier's Executive Vice President, Consumer Sales and Marketing on June 30, 2017.

### Executive Summary

The purpose of our executive compensation program is to align the goals and interests of our executives with those of Frontier and its stockholders by rewarding our leadership team for delivering on both short-term and long-term goals. Our program emphasizes stockholder value creation by using a mix of pay components, the majority of which are "at risk" and contingent upon performance against specified company and individual goals and tied to annual and sustained performance over a multi-year period.

### 2017 Review

2017 was a period of immense change and development for Frontier Communications. We ended the year in a much stronger position than we started, and in 2018 we are poised to achieve further improvements, most notably in California, Texas, and Florida (CTF). These markets have leading-edge, fiber-to-the-home networks that enable best-in-class broadband, video and other communications services for consumers and businesses.

In 2017, we systematically addressed performance issues in CTF that negatively affected revenue, profitability, and our stock price. We achieved steady improvements in Frontier FiOS® customer trends. We also made the decision to suspend the common dividend effective with the first quarter of 2018. This action will free up \$250 million of additional cash annually, following the conversion of the company's mandatory convertible preferred stock in June 2018, to accelerate debt reduction.

We still have substantial work ahead, but we remain fully committed to increasing shareholder value.

**Due to Frontier's financial performance in 2017, Frontier did not pay annual performance-based cash bonuses to any management employees, including our NEOs, for the year. Additionally, the 2015-2017 performance share awards were earned at 69.9% of target with a payout at 4.5% of the grant date target value when factoring the decline in the Frontier stock price.**

As you will see in this CD&A, we have redesigned our compensation programs to ensure continued focus on rebuilding our Company and stockholder value.

### Total Stockholder Return

Total stockholder return (TSR) is a measure of gains or losses realized by common stockholders over time. TSR combines price appreciation and dividends paid to show the total return to a common stockholder as an annualized percentage. Frontier had a one year TSR of -84% for 2017 and a three year TSR of -90%. We paid \$266 million in common stock dividends and \$214 million in preferred stock dividends in 2017 while continuing to invest in expanding and upgrading our network and product offerings.

## CEO Pay at a Glance

Mr. McCarthy's target total direct compensation (TDC) for 2017 and 2018 is set forth below. While Mr. McCarthy has a bonus target of \$1,500,000, as stated above, no bonus was paid for 2017 performance. A significant portion of his compensation is in the form of restricted stock and performance shares, the value of which is dependent on our stock price and the achievement of company targets along with an industry comparison. The Compensation Committee considered multiple factors to determine Mr. McCarthy's TDC, including:

- Financial and stock performance of Frontier
- The implementation of a new organizational structure that allows Frontier to better serve its consumer and business customers
- His overall leadership of Frontier

| Compensation Element             | 2017 Target        | 2018 Target        | Note  |

## EXECUTIVE COMPENSATION

### Key Features of our Executive Compensation Program

Key executive compensation practices are summarized below. We believe these practices promote good governance and are in the best interests of Frontier and its stockholders:

#### What We Do

- ✓ Employ a pay-for-performance executive compensation program whereby over 80% of NEO compensation is at risk.
- ✓ Pay a majority of compensation in the form of long-term incentive awards to defer a portion of pay based on future company performance and tie compensation payout levels to our stock performance.
- ✓ Use multipliers to reward above-target performance and reduce short-term and long-term incentive payouts for below-target performance.
- ✓ Require our executives to own Frontier stock equal to a multiple of base salary. For our CEO, this multiple is five times base salary.
- ✓ Use double-trigger change-in-control severance arrangements.
- ✓ Hold an annual stockholder vote on our executive compensation program.
- ✓ Have a recoupment, or “clawback,” policy to recover both cash and equity compensation from executives, including in the case of misconduct that results in a restatement of our financial statements.
- ✓ Regularly analyze risks related to our compensation program and conduct a broad risk assessment annually.
- ✓ Engage an independent compensation consultant to provide advice to our Compensation Committee.

#### What We Don't Do

- ✗ Permit our executives to hedge or pledge Frontier stock.
- ✗ Reward our executives with perquisites or tenure-based benefits, such as retiree medical benefits, in the ordinary course.
- ✗ Pay dividends on unearned performance shares.
- ✗ Make tax “gross-ups” for severance payments.

### Impact of 2017 Say-on-Pay Vote

The Compensation Committee considers the results of the annual stockholder vote on our executive compensation program, in addition to other input from our stockholders, when evaluating and determining compensation policies and the compensation for our CEO and the other NEOs. The 2017 stockholder vote affirmed the Compensation Committee’s decisions for 2016, with a 79% stockholder approval of our executive compensation program. Despite this significant shareholder support, the Compensation Committee continues to review and modify our executive compensation program to better align pay with performance.

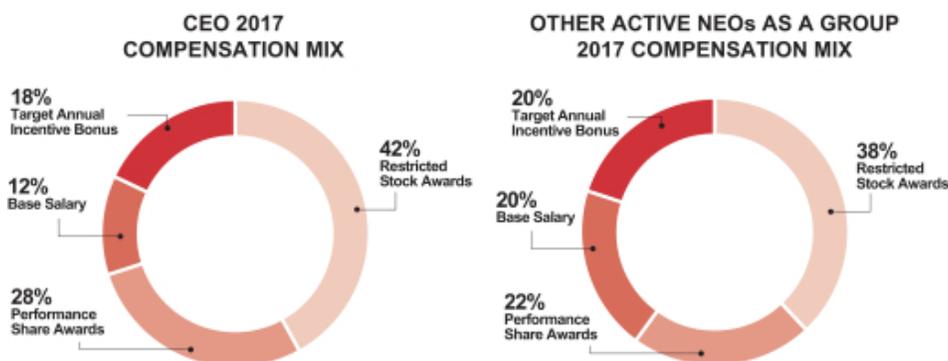

In 2018, the Committee made several changes to the executive compensation program, including:

- Modifying the bonus payment schedule to include 60% of the 2018 Frontier Bonus to be paid on a quarterly schedule with quarterly goals based on specific metrics. The remaining 40% of the bonus is based on full year results. These quarterly goals were established in the beginning of the year and add up to the full-year targets. This change is designed to focus our leaders on financials and customer experience by placing a greater emphasis on our quarterly results that will lead to achievement of our full-year results.
- For executives other than the CEO, we are delivering the long-term performance grant as Performance Cash based on the same metrics used in our Performance Share program in 2017. This was done to mitigate the share usage while continuing to provide a long-term incentive tied to both Company performance and relative total shareholder return.

- Increase the weight on performance awards from 33% to 40% of total LTI to enhance the performance orientation of the program.

## Our Pay and Performance Alignment

A key tenet of our compensation philosophy is to link the interests of our executives and our stockholders. Approximately 88% of our CEO's target compensation for 2017 performance was at risk. For the other active NEOs as a group, approximately 80% of their target compensation for 2017 performance was at risk. This directly links our executives' pay to Frontier's financial performance, execution of strategic initiatives and TSR.

To enhance transparency regarding the compensation received by each of our NEOs, we have included a Realized Pay Table to supplement the information provided in the Summary Compensation Table. See "2017 Realized Pay" below.

## Executive Compensation Program Structure

### Philosophy

**Maintain clear alignment between the interests of our executives and those of our stockholders** by rewarding performance measured by key financial metrics, strategic objectives and relative TSR and through the use of long-term incentive awards as a significant component of compensation.

**Reinforce our performance culture** for our NEOs by making a majority of their compensation at risk, i.e., contingent upon relative, specified company and individual performance.

**Hire and retain talented executives** by having a compensation program that is competitive in relation to comparable companies based on size, overall complexity and the nature of our business.

**Ensure company goals are fully aligned throughout the organization.** Each year, we establish company-wide goals that align with Frontier's business plan for the year. Our NEOs are compensated to the extent they are successful in leading Frontier to achieve these goals for each year.

### Compensation Program Design

To achieve the objectives described above, our executive compensation program rewards our executives for both annual and long-term performance. For 2017, the primary components of executive compensation were base salary, bonus, restricted stock awards and performance share awards under the 2013 Equity Incentive Plan. Of these components, only base salary represents fixed compensation. Each of the other components was variable and at risk.

At its February 2017 meeting, the Compensation Committee set maximum individual payouts under our umbrella bonus pool and the Adjusted EBITDA performance goal for the year, the achievement of which would permit the funding of the payouts. The Company Performance Goals and financial targets used to determine bonuses under the Frontier Bonus Plan, and restricted stock awards and performance share awards under the 2013 Equity Incentive Plan, were also set at that meeting based on management’s estimate of consolidated financial performance for the full year.

In order to determine the appropriate amount and mix of compensation components for each NEO, the Compensation Committee considers many factors, including experience, value provided to Frontier, scope of responsibility, company and individual performance, benchmark data based on our peer group and general industry survey data for comparably sized companies.

## Market and Peer Group Reviews

The Compensation Committee, with input from its independent compensation consultant, establishes Frontier's peer group for use in benchmarking and market comparison purposes. The peer group set forth below was used to set compensation for 2017. When comparing financial metrics of the peer group, Frontier was at the 24<sup>th</sup> percentile for market capitalization, 36<sup>th</sup> percentile for enterprise value, 65<sup>th</sup> percentile for revenue, 55<sup>th</sup> percentile for employee count, 65<sup>th</sup> percentile for total assets and 80<sup>th</sup> percentile for EBITDA.

### 2017 Peer Group

| • Level 3 Communications, Inc.    | • Xerox Corporation              |

In May 2017, the Compensation Committee determined that it was appropriate to revise Frontier's peer group to better reflect our size and scale and to include businesses that are asset intensive, have a technology focus, have subscription-based revenue, deliver content and typically have a bundled package service offering. The new peer group set forth below was used to set compensation for 2018. When comparing financial metrics of Frontier to our new peers on June 30, 2017, we were just above median in revenue, just below the 75<sup>th</sup> percentile in EBITDA, just above the 25<sup>th</sup> percentile in enterprise value and in the lower quartile in market capitalization.

### 2018 Peer Group

Companies listed in bold were added to the peer group. The following companies were removed from the peer group due to relative size or M&A activity: Cablevision Systems Corporation, Charter Communications, Inc., Harris Corporation, R. R. Donnelley & Sons Company, Time Warner Cable Inc. and Xerox Corporation.

General industry survey data, as described below, was also considered in determining the compensation levels of the NEOs and other executives. In the case of executives for whom there was no publicly available data or no comparable position at the peer group companies, the results from proprietary general industry executive compensation surveys were analyzed to assess competitiveness.

As an initial step in the consideration of survey data, the survey is size-adjusted based on our annual revenue. The 2016 survey data used to determine 2017 compensation was size-adjusted to approximate Frontier's 2016 revenue. The analyses included examining how each executive's target total direct compensation compared to the results in the surveys for base salary, target bonus and target long term incentives. Some of our NEOs have responsibilities that extend beyond the traditional scope indicated by their titles. As a result, directly comparable roles in the survey data were not always available. In these cases, the Compensation Committee took into account data from these third-party surveys and the importance of the role to Frontier when determining the commensurate total compensation levels for the NEO. In considering the survey data, the Compensation Committee did not review nor is it aware of the specific companies that are included in the surveys.

## 2017 Realized Pay

The table below supplements the Summary Compensation Table that appears later in this Proxy Statement. The Realized Pay Table shows the compensation actually received by each NEO in 2017, 2016 and 2015. Realized pay for an NEO for any given year may be greater or less than the compensation reported in the Summary Compensation Table for that year depending on fluctuations in stock prices on the grant and vesting dates, differences in equity grant values from year to year and SEC reporting requirements, as described below.

The primary difference between the Realized Pay Table and the Summary Compensation Table is the method used to value restricted stock awards and performance share awards. SEC rules require that the grant date fair value of all restricted stock awards and performance share awards be reported in the Summary Compensation Table for the year in which they were granted. As a result, a significant portion of the total compensation amounts reported in the Summary Compensation Table relates to restricted stock awards and performance shares that have not vested or been earned, for which the value is therefore uncertain and which may end up having no value at all. In contrast, the Realized Pay Table includes only restricted stock and performance shares that vested during the applicable year and shows the value of those awards as of the applicable vesting date.

There is no assurance that the NEOs will actually realize the value attributed to these awards even in this Realized Pay Table, since the ultimate value of the restricted stock and performance shares will depend on the price of Frontier's common stock when the vested and earned shares are sold by the executives. Our executives are subject to periodic stock sale restrictions and our stock ownership guidelines, which also limit their ability to sell Frontier stock received as compensation.

## 2017 Total Direct Compensation for NEOs

### Cash Compensation

**Base Salary.** Base salaries for our executives, including our NEOs, are set by the Compensation Committee after consideration of various factors, including individual performance, executive experience and skill set, the ability to attract and retain talented executives and market data.

Executives are eligible for increases to their base salary if there is a change in responsibility or the individual's base salary is not in line with desired market position. We generally target the median of our peers when setting base salary, but any increases or decreases are ultimately at the discretion of the Compensation Committee. The salaries for our NEOs were not adjusted in 2017.

**Bonus.** The Compensation Committee uses the Frontier Bonus Plan to provide cash incentives to executives, including the NEOs, based on the achievement of certain company metrics (Company Performance Goals) with adjustments for individual performance. The bonus pool is funded based solely on achievement of Company Performance Goals. An NEO's "target bonus opportunity" is expressed as a percentage of his or her annual base salary and represents the amount the NEO would receive if performance metrics are achieved at target. For 2017, each NEO, other than Mr. McCarthy, had a target bonus opportunity equal to 100% of his or her base salary; Mr. McCarthy's target bonus opportunity was 150% of his base salary. Potential bonus payouts could be from 0% for below-threshold performance, up to a maximum of 130% for outstanding performance, of each NEO's target bonus opportunity. Achievement of threshold performance would result in a payout of 79% of the target bonus opportunity, subject to the discretion of the Compensation Committee.

For 2017, the Compensation Committee revised the Company Performance Goals from those used in prior years to align executive interests with Frontier's business objectives. The Company Performance Goals were weighted in relation to Frontier's business plan (the Weighted Company Performance Goals). We include Net Experience Score in the Weighted Company Performance Goals because customer experience is a strong driver of our business success. The Net Experience Score provides an incentive to continually improve our customer experience.

| 2017 Weighted Company Performance Goals | Weighting   |
|---|-------------|
| Revenue Target                          | 12.5%       |
| Adjusted EBITDA Target                  | 50.0%       |
| Operating Cash Flow Target              | 25.0%       |
| Net Experience Score                    | 12.5%       |
| <b>Total</b>                            | <b>100%</b> |

The Committee also set a minimum performance threshold of 93% of the Adjusted EBITDA target in order to achieve a payout under the 2017 Frontier Bonus Plan. At its February 2018 meeting, the Compensation Committee reviewed Frontier's performance against each of the targets for 2017, which was as follows:

| (\$ in millions)            | Threshold (approx. 93% of Target) | Target   | Outstanding (approx. 110% of Target) | Result  | Percentage of Target |
|-----------------------------|-----------------------------------|----------|--------------------------------------|---------|----------------------|
| <b>Financial Target</b>     |                                   |          |                                      |         |                      |
| <b>Revenue</b>              | \$9,317                           | \$10,018 | \$11,020                             | \$9,128 | 91%                  |
| <b>Adjusted EBITDA</b>      | \$3,793                           | \$ 4,078 | \$ 4,486                             | \$3,684 | 90%                  |
| <b>Operating Cash Flow</b>  | \$2,630                           | \$ 2,828 | \$ 3,111                             | \$2,530 | 89%                  |
| <b>Net Experience Score</b> | 1.5                               | 3.9      | 6.2                                  | 7.1     | 114%                 |

Payout for performance between levels is determined using linear interpolation.

After assessing performance under each of the Weighted Company Performance Goals, Frontier applied a 3:1 power ratio for results between the threshold (93%) and maximum (110%), meaning that for each one percent that performance is above or below the target (100%), the bonus increases or decreases by three percentage points.

Because our performance did not meet the minimum performance threshold of 93% of our Adjusted EBITDA goal, no bonus was paid to our NEOs or any management employees for 2017 performance.

At its January 2018 meeting, the Compensation Committee set the 2018 Company Performance Goals for our Senior Leadership Team, including our NEOs, which are intended to focus senior leadership on driving financial goals and business results.

| 2018 Company Performance Goals                          | Weighting to Set Bonus Pool |
|---|-----------------------------|
| Revenue   | 12.5%                       |
| Adj. EBITDA   | 50.0%                       |
| Operating Cash Flow                                     | 25.0%                       |
| Net Experience Score (a measure of customer experience) | 12.5%                       |

The Compensation Committee also modified the payment schedule such that 60% of the 2018 Frontier Bonus would be paid on a quarterly schedule, with quarterly goals based on the above metrics for the NEOs. The remaining 40% of the bonus is based on full year results. These quarterly goals were established in the beginning of the year and represent the full-year targets. This change is designed to focus our leaders on financials and customer experience by placing a greater emphasis on our quarterly results that will lead to achievement of our full-year results.

### Long-Term Incentive Compensation

The Compensation Committee provides long-term incentives to our employees, including our NEOs, through a combination of restricted stock and performance share awards granted under our 2013 Equity Incentive Plan.

In February of each year, the Compensation Committee sets a target dollar value of total equity awards for each NEO for that year to fulfill the purposes described above under “Compensation Program Design.” In making this determination, the Compensation Committee considers peer group information and survey data as well as the need to align each NEO’s interests with those of our stockholders.

For 2017, the Compensation Committee continued its practice where one-third of long-term incentive awards was delivered in the form of performance shares and two-thirds in the form of restricted stock awards, except for Mr. McCarthy whose awards are delivered on a 40/60 mix. The Committee believes that this mix aligns stockholder value and executive interests by linking compensation to long-term performance and stockholder returns. There is no minimum guaranteed level of equity awards. In February 2017, the Compensation Committee set the following targets for equity awards for each NEO:

| Name               | 2017 Target Value of Restricted Stock Awards | 2017 Target Value of Performance Share Awards | 2017 Target Value of Total Equity Awards |
|--------------------|--|---|--|

**Restricted Stock Awards.** The Compensation Committee uses restricted stock awards (RSAs) as a component of compensation because RSAs encourage our NEOs to focus attention on decisions that emphasize long-term returns for stockholders. RSAs are granted based on performance and vest ratably over three years.

The Compensation Committee generally makes all RSA grants to our executives, including our NEOs, at its regularly scheduled meeting each February, with the exception of awards to eligible new hires, which are awarded as of the date of hire.

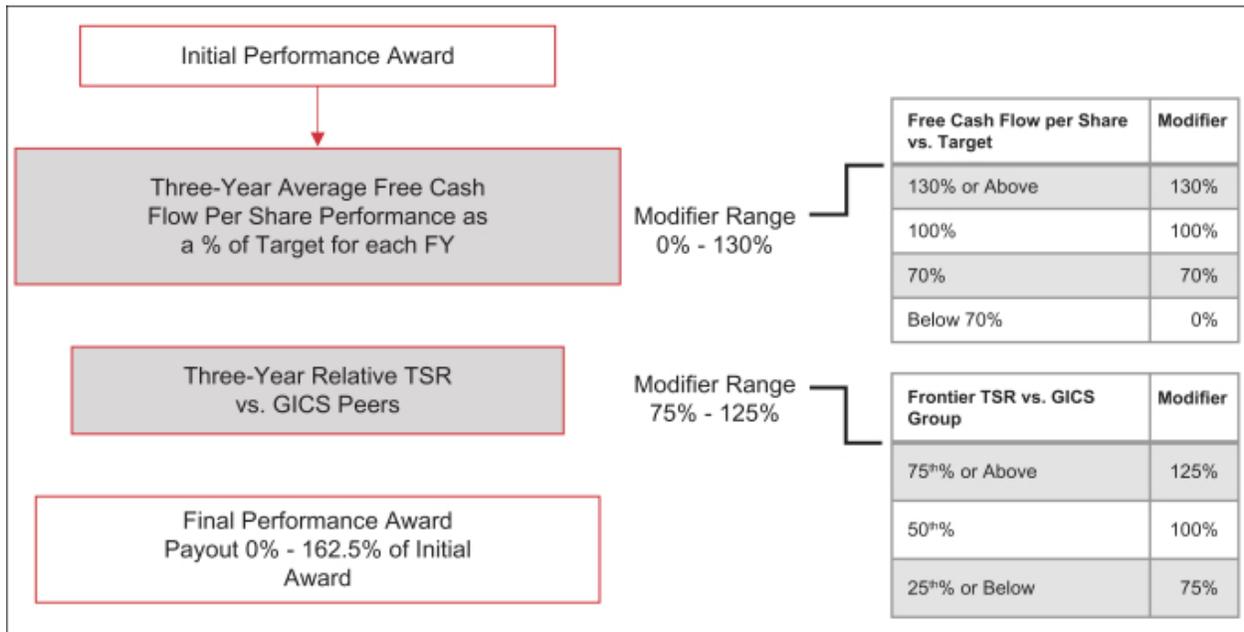

The Compensation Committee determines the dollar value of RSA grants based upon the target set at the beginning of the year, which can be adjusted based on the assessment of individual performance at the end of such year. There is no guarantee that an NEO will receive a grant of restricted shares.

In February 2018, the Compensation Committee approved RSA grants as set forth below under “2018 NEO Compensation Actions.”

**Performance Share Awards.** Performance share awards are an important component of compensation because they encourage a focus on long-term financial performance and TSR, further aligning the interests of our NEOs and stockholders.

NEOs are eligible to receive a target performance share award each year at a regularly scheduled Compensation Committee meeting. Performance share awards are then earned at the end of the three-year Measurement Period applicable to these awards based on the following:

- Achievement of annual targets for Free Cash Flow per share for each year in the three-year Measurement Period  Important measure of Frontier’s underlying financial performance
- Our TSR relative to the Integrated Telecommunications Services Group (GICS Code 50101020) for the three-year Measurement Period  Creates direct link to stockholder results

Annual Free Cash Flow per share targets are used because it is not feasible to set and calculate multi-year performance given significant changes in Frontier’s business. A three-year relative TSR modifier is applied in order to measure Frontier’s execution on its strategic goals over a multi-year period relative to our industry peers. The Free Cash Flow per share and TSR results that fall in between levels are determined using straight line interpolation.

An executive must remain employed by Frontier throughout the three-year Measurement Period and also must maintain a satisfactory performance rating throughout the Measurement Period for the award to vest. Performance share awards, to the extent earned, will be paid out in the form of common stock on a one-to-one basis, plus accrued dividends on such earned shares, shortly following the end of the three-year Measurement Period.

In February 2017, the Compensation Committee approved target performance share awards for each of the NEOs for the 2017-2019 Measurement Period. These awards are described in the Grants of Plan-Based Awards Table and the narrative that follows that table. Actual shares earned will be determined by the Compensation Committee in February 2020 and will be subject to adjustment (including forfeiture of the entire award for below threshold performance with respect to Free Cash Flow per share) as set forth in the diagram above.

In February 2018, following the completion of the 2015-2017 Measurement Period, the Compensation Committee determined the number of shares of common stock earned for that period. The 2015-2017 Measurement Period results were as follows:

| Operating Cash Flow Results<br>(dollars in millions)                   |         |         |   |
|--|---------|---------|---|

| 2015   | \$1,713 | \$1,603 | 93.6%                                     |
| 2016   | \$2,342 | \$2,266 | 96.8%                                     |

The number of shares of common stock earned by each of the NEOs for the 2015-2017 Measurement Period is set forth below under “2018 NEO Compensation Actions.”

In February 2018, the Compensation Committee also granted target performance share awards to the CEO and target performance cash awards for the 2018-2020 Measurement Period to the other NEOs as set forth below under “2018 NEO Compensation Actions.” The performance cash awards replace the typical performance share awards and may be earned on the same metrics used in our Performance Share program in 2017. Further, the split in our long-term incentive awards between Restricted Stock and the Performance Shares/Cash award was modified from 66.7%/33.3% to 60%/40%. The purpose of these actions was to mitigate the share usage while continuing to provide a long-term incentive tied to both Company performance and relative total shareholder return.

In addition, the Compensation Committee modified the bonus payment schedule such that 60% of the 2018 Frontier Bonus will be considered on a quarterly schedule, with the remaining 40% of the bonus considered on full year results. The quarterly goals were established in the beginning of 2018 and add up to the full-year targets. This change is designed to focus our leaders on financials and customer experience by placing a greater emphasis on our quarterly results and leading to the achievement of our full-year results.

### Perquisites and Other Benefits

There were no reportable perquisites in 2017 for the CEO or the other NEOs.

We provide benefits to our NEOs on the same basis as all our non-union, full-time employees. These benefits consist of medical, dental and vision insurance, basic life and disability insurance and matching contributions to our 401(k) plan for employees who participate in the plan. The Frontier-paid life insurance benefit for all employees, including the NEOs, is 100% of base salary, up to a maximum of \$1,000,000.

Messrs. McCarthy, McBride and Lass are our only NEOs with vested benefits under the Frontier Pension Plan, which was frozen for all non-union participants in 2003.

Executives, including our NEOs, are not eligible for retiree medical benefits.

## Compensation for Ms. McKenney

Frontier and Ms. McKenney entered into a Separation Agreement and Release dated June 30, 2017, which was amended on July 20, 2017. As consideration for Ms. McKenney's compliance with the terms of the Separation Agreement, the Company agreed to pay her \$1,218,465 (in three installments) and to pay COBRA premiums for 15 months. This amount was based on her base salary, her 2017 target bonus and the value of her unvested restricted shares due to vest in February 2018. The compensation arrangements in place for Ms. McKenney prior to her departure were established in accordance with the general processes outlined above for our NEOs. Upon her departure, Ms. McKenney forfeited her other unvested equity incentive awards. See below under "Employment Arrangements; Potential Payments Upon Termination or Change-in-Control" for additional information.

## 2018 NEO Compensation Actions

In January and February 2018, the Compensation Committee met to evaluate the performance of our CEO and the other NEOs to determine annual cash bonus payouts for 2017 performance and performance share awards earned for the 2015-2017 Measurement Period. The Compensation Committee also approved 2018 base salaries, RSA grants, and target performance share/cash awards to be granted for the 2018-2020 Measurement Period. As part of its compensation determinations, the Compensation Committee considered competitive market data provided by its independent compensation consultant as well as potential dilution to shareholders. The Company also engaged with certain shareholders and shareholder advocates regarding the 2018 compensation actions, including those concerning Mr. McCarthy's equity grants.

The Compensation Committee evaluated Mr. McCarthy based upon Frontier's 2017 financial performance (as measured by Revenue, Adjusted EBITDA, Operating Cash Flow and Net Experience Score), his leadership with respect to the achievement of the Company Performance Goals and his 2017 individual performance goals, which included the execution of near-term and long-term strategic initiatives.

For the other NEOs, whose performance was evaluated based on the same Company Performance Goals as Mr. McCarthy, the Compensation Committee reviewed Mr. McCarthy's performance assessments and compensation recommendations. The Committee then discussed its assessment of each NEO and approved RSA grants, performance share awards earned for the 2015-2017 Measurement Period and target performance cash awards granted for the 2018-2020 Measurement Period, in each case as set forth in the table below. The Compensation Committee, in order to mitigate share usage in 2018, moved the performance share portion of these long-term incentive awards to a performance cash program with the same metrics used in the 2017-2019 performance share program previously discussed. The Compensation Committee decided that no annual bonuses were to be awarded for 2017 performance as a result of not meeting the threshold performance level on the EBITDA target. The Compensation Committee also elected to increase base salaries for Mr. Arndt and Mr. Gable to reflect their current roles and responsibilities, with no change to their target bonus percentages or target LTI.

(2) The amounts in this column for Mr. McCarthy represent the target value of shares awarded in February 2018 for the 2018-2020 Measurement Period at the grant date stock price of \$8.23. All other values are performance cash awards to be paid on the same basis as performance shares.

## Roles and Responsibilities

### The Compensation Committee

The Compensation Committee is responsible for approving and overseeing our executive compensation philosophy and programs, as well as determining and approving the compensation for our senior executives, including our NEOs. Each year, at its February meeting, the Compensation Committee reviews the Company Performance Goals and the individual performance goals for the NEOs and approves the target levels for each of the compensation components that apply to the NEOs for the upcoming year. Also, the Compensation Committee assesses the performance of our NEOs for the prior year. With respect to CEO compensation, the Compensation Committee reviews its recommendations with the other independent directors and considers any additional input from them before finalizing its decision.

In making its compensation decisions, the Compensation Committee reviews tally sheets setting forth all components of compensation paid to the NEOs for the past five years, along with target compensation for those years, including base salary, bonus, grant date values of RSAs and performance share/cash awards and the value of dividends paid on unvested restricted shares and vested performance shares. These tally sheets also show the executives' holdings of unvested RSAs and performance share awards from prior years and the current value of those awards. The Compensation Committee uses these tally sheets to (i) review the total annual compensation of the NEOs over the past five years, (ii) assess the executive officers' compensation against their individual and company performance over that period and (iii) assure that the Committee has a comprehensive view of our compensation programs.

The Compensation Committee reviews on a periodic basis management compensation programs, including any management incentive compensation plans, to determine whether they are appropriate, properly coordinated and achieve their intended purpose(s), and recommends to the Board any modifications or new plans or programs.

### The Chief Executive Officer

Our CEO annually reviews the performance and contributions of our other senior executives, including our other NEOs, and presents to the Compensation Committee his performance assessments and compensation recommendations, including the proposed award for each component of the executive's total compensation. Mr. McCarthy's review consists of an assessment of the executive's performance against company-level and individual goals and targets. The Compensation Committee then conducts a separate review process with respect to these executives and, after making any adjustments, approves the compensation for these executives.

The CEO has no involvement in setting his own compensation.

### The Compensation Consultant

The Compensation Committee retains an independent executive compensation consultant that provides services solely to the Compensation Committee and not Frontier. Since 2010, the Compensation Committee has engaged Frederic W. Cook & Co., Inc. to assist the Committee in the development of compensation programs, evaluation of compensation practices and the determination of compensation awards. In addition, in 2017 the compensation consultant provided advice and insights on additional compensation matters, including the peer group used, benchmarking of executive compensation and director compensation levels, incentive plan design review, and Compensation Discussion and Analysis disclosure.

The Compensation Committee considers the compensation consultant's input and advice but reaches its own independent decisions on compensation matters. The Compensation Committee has sole authority to retain and terminate the compensation consultant.

The compensation consultant provides no other services to Frontier. The Compensation Committee has instituted policies to avoid conflicts of interest raised by the work of the compensation consultant. Pursuant to SEC rules, the Compensation Committee is required to consider any conflicts of interest raised by the work of the Compensation Committee's compensation consultants. After considering the relevant factors, the Compensation Committee determined that no conflicts of interest were raised by the work of the compensation consultant in 2017.

## Additional Compensation Features and Policies

### Stock Ownership Guidelines

To further align our executives' interests with those of our stockholders, our Board established stock ownership guidelines for the CEO and the other members of the Senior Leadership Team, and reviews the guidelines annually. The CEO is expected to own shares of Frontier stock having a minimum value of five times (5x) base salary, the CFO is expected to own shares of Frontier stock having a minimum value of three and one-half times (3.5x) base salary and each other member of the Senior Leadership Team is expected to own shares of Frontier stock having a minimum value of two and one-half times (2.5x) base salary. Unvested restricted stock awards and unearned performance shares are not counted for purposes of fulfilling this requirement. At such times as a member of the Senior Leadership Team does not meet the applicable ownership guideline, the executive will be required to hold 50% of Frontier stock that the executive acquires after that date through the Frontier equity compensation programs, excluding shares sold to pay related taxes. The Compensation Committee administers these stock ownership guidelines.

### Hedging and Pledging Prohibition

Executives are prohibited from hedging or pledging their shares of Frontier stock.

### Termination of Employment and Change-in-Control Arrangements

To attract talented executives, support retention objectives and ensure that executives perform their work with objectivity, we provide certain post-employment benefits to the NEOs. In addition, Frontier has a Senior Leadership Team Severance Plan (the Severance Plan), which covers, among others, our NEOs.

We also maintain change-in-control arrangements with our NEOs to promote the unbiased efforts of our executives to maximize stockholder value before, during and after a change-in-control that may impact the employment status of the executives. The Compensation Committee set the severance amounts based on peer group reviews. The change-in-control arrangements are subject to "double-trigger" vesting and do not include gross-up payments for excise taxes imposed under Section 280G of the Internal Revenue Code as a result of severance payouts.

For further discussion of these severance arrangements, see "Employment Arrangements; Potential Payments Upon Termination or Change-in-Control" that follows this Compensation Discussion and Analysis.

### Clawback Policies

Since 2010, Frontier has included in all of its equity compensation awards, including to the NEOs, a recoupment or "clawback" provision. This provision requires that unvested equity awards be forfeited if the Compensation Committee determines that the employee engaged in certain defined types of misconduct, including engaging in acts considered to be contrary to the best interests of Frontier, commission of felonies or other serious crimes, or engaging in any activity which constitutes gross misconduct. The provision also provides that the Compensation Committee may in its sole discretion require the employee to return all stock that vested within the twelve-month period immediately prior to the misconduct, or if no longer held by the employee, to pay to Frontier any and all gains realized from such stock.

Effective December 11, 2014, we adopted an enhanced clawback policy that is triggered if Frontier is required to restate its financial statements due to material noncompliance with any financial reporting requirement under the securities laws that was contributed to by the fraud or intentional misconduct of an executive officer, including an NEO. If the policy is triggered, the Compensation Committee will require reimbursement or forfeiture of any cash and equity incentive compensation awarded to or received by the executive officer in question during the three-year period preceding the date on which Frontier is required to prepare the restatement. The amount to be recovered would be the excess of the incentive compensation obtained by the executive officer based on the erroneous data over the amount that would have been obtained by the executive officer had it been based on the restated results, as determined by the Compensation Committee. We will review the terms of this recovery policy in light of the requirements under the Dodd-Frank Act and will make any necessary changes to be in compliance with final regulations when issued.

### Tax Implications—Deductibility of Executive Compensation

The Committee considers the limitation on deductibility of executive compensation for federal income tax purposes under Section 162(m) of the Internal Revenue Code in the design of our compensation programs. Section 162(m) places a limit of \$1 million on the amount of compensation that we may deduct in any one year with respect to the NEOs (other than the Chief Financial Officer). There is an exception for performance-based compensation meeting certain requirements defined by the IRS. Annual incentive awards, performance-based stock and cash awards, performance-based restricted stock and unit awards generally meet those requirements, but no assurance can be given that any such compensation will be fully deductible under all circumstances. The Committee balances the desirability to qualify for such deductibility with the Company's need to maintain flexibility in compensating executive officers in a manner designed to promote corporate goals and compensation objectives. As a result, portions of the total compensation program may not be deductible under Section 162(m), including the portion of base salary in excess of \$1 million and any time-based restricted stock awards.

The exemption from 162(m)'s deduction limit for performance-based compensation has been repealed for tax years beginning after December 31, 2017. Consequently, compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

(1) Amounts in this column represent special non-recurring bonuses granted in connection with the closing of the California, Texas and Florida Acquisition in April 2016.

(2) The stock awards referred to in this column consist of grants of restricted stock and grants of performance shares under the 2013 Equity Incentive Plan. The amounts shown in this column represent the grant date fair value, pursuant to Financial Accounting Standards Board ASC Topic 718, of the stock awards granted in the applicable year or, with respect to multi-year performance share awards where performance conditions are set at the beginning of each year, the fair value of the shares subject to the performance conditions for the applicable year. In the latter case, accounting standards provide that each annual establishment of performance conditions during a multi-year vesting period constitutes a separate "grant date." As a result, the grant date fair value of the performance share awards granted in 2017 is calculated using only the first tranche of the grant for the 2017-2019 Measurement Period; the second and third tranches of the 2017-2019 Measurement Period are not included because the performance conditions for those tranches had not been set in 2017. With respect to the grant for the 2016-2018 Measurement Period, the grant date fair value is calculated using the second tranche, as the grant date fair value for the first tranche was reported last year and the performance conditions for the third tranche were not set in 2017. With respect to the grant for the 2015-2017 Measurement Period, the grant date fair value is calculated using the third tranche, as the grant date fair values for the first two tranches were reported in prior years. Further, in calculating the grant date fair value of such performance shares in the table, the target number of shares was used. Frontier uses Monte Carlo simulations to value performance share awards. The value of such performance shares at \$6.76 per share assuming that the highest level of operating cash flow and TSR performance will be achieved (using the methodology described above) would be as follows: McCarthy: \$320,965; McBride: \$73,414; Arndt: \$47,874; Gable: \$69,932; Lass: \$57,392 and McKenney: \$90,429. For a discussion of valuation assumptions, see Note 11 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2017. For additional details regarding the stock awards, see the Grants of Plan-Based Awards table below and the accompanying narrative.

(3) The amounts shown in this column represent cash awards made under the Frontier Bonus Plan. Awards for each year are generally paid in March of the following year.

(4) The All Other Compensation column includes premiums for life insurance coverage paid for by Frontier, a 401(k) match and change in actuarial value of the frozen pension. Other than as set forth below, all perquisites and personal benefits are below the threshold for disclosure in this column:

- Amounts shown for Mr. McCarthy include \$22,431, \$20,241 and -\$9,329 for the change in the actuarial value of his frozen pension in 2017, 2016 and 2015; \$9,000 for each year in matching contributions and imputed income for life insurance of \$2,650, \$2,589 and \$105 for each year; also included in the amount for 2017 is a \$100 wellness payment.
- Amounts shown for Mr. McBride include \$9,000 in matching contributions, \$1,684 in imputed income for life insurance and \$6,837 for his change in pension value for 2017. In 2016 the amount includes a payment of \$75,000 for relocation assistance, which includes household goods transfer, closing costs and temporary housing, plus a tax gross up for taxes related to such services equal to \$34,312, each as an inducement to accept employment with Frontier, along with \$351 for imputed income for life insurance.
- Amount shown for Mr. Arndt includes \$3,375 for the change in actuarial value of his frozen pension in 2017, \$5,625 in matching contributions and \$1,270 in imputed income for life insurance.
- Amount shown for Mr. Gable consists of premiums for life insurance coverage paid for by Frontier, a 401(k) match and a wellness credit.

(1) Reflects the target payout amounts of non-equity incentive plan awards payable for service in 2017 as approved by the Compensation Committee. See the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table for Fiscal Year 2017 for the non-equity incentive plan awards actually earned by the NEOs in 2017 and paid in early 2018.

(2) Reflects the number of shares of Common Stock that may be earned upon vesting of the LTIP awards granted in 2017, assuming the achievement of threshold, target and maximum performance levels (i.e., 52.5%, 100% and 162.5%, respectively, of the target awards) during the applicable performance period.

(3) Reflects awards of RSAs.

(4) See footnote (2) to the Summary Compensation Table for Fiscal Year 2017 for additional information regarding the determination of the grant date fair value of RSAs and LTIP awards.

Cash awards under the Frontier Bonus Plan for 2017 performance shown under the Estimated Possible Payouts Under Non-Equity Incentive Plan Awards columns would have been paid in March 2018 based on performance metrics set for 2017, as described above under “Compensation Discussion and Analysis—2017 Total Direct Compensation for NEOs—Cash Compensation—Annual Bonus.” Target awards under the Frontier Bonus Plan are set as a percentage of base salary. Targets awards were set at 100% of 2017 base salary for each of the NEOs, other than Mr. McCarthy, whose target award was set at 150% of 2017 base salary. Payouts can be 0% of target for below-threshold performance, up to 70% of target for threshold performance, and up to 130% of target for outstanding performance. The annual performance-based cash bonuses for 2017 were not paid to any Frontier Management employee, including the NEOs, due to the fact that the Company did not reach the threshold performance of 93% of Adjusted EBITDA, as reported above in the Summary Compensation Table in the column entitled “Non-Equity Incentive Plan Compensation.”

The awards shown under the Estimated Future Payouts Under Equity Incentive Plan Awards columns are performance shares deemed to have been granted in 2017 in accordance with Financial Accounting Standards Board ASC Topic 718 (i.e., the first tranche of the 2017-2019 Measurement Period, the second tranche of the 2016-2018 Measurement Period and the third tranche of the 2015-2017 Measurement Period). See footnote (2) to the Summary Compensation Table. The amounts shown represent the range of shares that may be issued at the end of the applicable Measurement Period for such grants assuming achievement of threshold, target or maximum performance. If our operating cash flow (for the 2015-2017 and the 2016-2018 periods and Free Cash Flow per share for the 2017-2019 period) performance is, on average, below threshold for the three-year Measurement Period, no shares will be issued at the end of the period. Dividends on performance shares will be accrued and paid out at the end of the three-year Measurement Period only with respect to shares that are earned and issued. See the discussion of performance share awards under “Compensation Discussion and Analysis—2017 Total Direct Compensation for NEOs—Equity Compensation—Performance Share Awards.”

The stock awards shown under the All Other Stock Awards column in the above table are grants of restricted stock. The grants represent annual restricted stock awards and vest in three equal annual installments commencing one year after the date of approval by the Compensation Committee. All such grants of restricted stock were made under our 2013 Equity Incentive Plan based on 2015 performance. Each of the NEOs is entitled to receive dividends on shares of restricted stock at the same rate and at the same time we pay dividends on shares of our common stock. The post-split common stock dividends for 2017 were \$1.575 for the first quarter and \$0.60 for the following three quarters. No above-market or preferential dividends were paid with respect to any restricted shares. See the discussion of restricted stock awards under “Compensation Discussion and Analysis—2017 Total Direct Compensation for NEOs—Equity Compensation—Restricted Stock Awards.”

RSAs granted in 2015 will vest fully on the third anniversary of the grant date. RSAs granted in 2016 will vest equally on each of the second and third anniversaries of the grant date. RSAs granted in 2017 will vest in equal installments on each of the first three anniversaries of the grant date.

(2) The market value of shares of common stock reflected in the table is based upon the closing price of the common stock on December 30, 2017, which was \$6.76 per share.

(3) The amounts shown in this column represent the number of performance shares that may be earned by the NEOs, assuming achievement of target performance, in accordance with SEC regulations.

(4) Unvested restricted stock and performance shares were forfeited by Ms. McKenney upon her resignation on June 30, 2017.

## Option Exercises and Stock Vested

The following table sets forth information regarding the shares of restricted stock and performance shares that vested for each of the NEOs in 2017. No NEO acquired any shares upon the exercise of stock options in 2017. The value of restricted stock realized upon vesting is based on the closing price of the shares on the applicable vesting dates and the value of performance shares earned is based on the closing price of the shares on December 30, 2017, the last day of the three-year Measurement Period.

- (1) The RSA awards that vested in 2017 reflect the vesting on the anniversary of the grant date of (a) the third 33% installment of the RSAs awarded to the NEOs on February 28, 2014 (other than Mr. McBride), (b) the second 33% installment of the RSAs awarded to the NEOs on February 25, 2015 (other than Mr. McBride), (c) the first 33% installment of the RSAs awarded to the NEOs on February 11, 2016 (other than Mr. McBride), and (d) for Mr. McBride only, the first 33% installment of the RSAs awarded to him on September 12, 2016.
- (2) The LTIP awards that vested in 2017 reflect the vesting of the LTIP shares that were awarded to Messrs. McCarthy, Arndt, Gable, Lass and Ms. McKenney on February 28, 2014. Mr. McBride did not hold any 2014 LTIP awards that vested in 2017. The number of shares of Common Stock acquired by the NEOs from the vesting of the 2014 LTIP awards was equal to 71.7% of the applicable target number of LTIP shares based on the Company's cumulative Operating Cash Flow as compared to the goals approved by the Compensation Committee, which resulted in an Operating Cash Flow factor of 93.1%, and the Company's TSR ranking relative to the other companies in the GICS industry code for U.S. Integrated Telecommunications Services, which resulted in a TSR modifier of 77.0%.
- (2) The value realized from the vesting of the RSA and LTIP awards was calculated based on the average of the high and low sale price of Common Stock on the NYSE Composite Tape on the applicable vesting date or, if the vesting date occurred on a non-trading day, the last trading day preceding the applicable vesting date.

We have a noncontributory, qualified retirement plan, the Frontier Pension Plan, covering certain of our employees. The plan provides benefits that, in most cases, are based on formulas related to base salary and years of service. The plan was amended to provide that, effective February 1, 2003, no further benefits will be accrued under the plan by most non-union participants (including all executive officers), and is considered "frozen." Messrs. McCarthy, McBride, Arndt, and Lass are the only NEOs with vested benefits under the plan. The estimated annual pension benefits (assumed to be paid in the normal form of an annuity) for Mr. McCarthy is \$22,641, for Mr. McBride is \$6,885, for Mr. Arndt is \$3,386 and for Mr. Lass is \$45,438. This amount is calculated under the plan based on Mr. McCarthy's 10 years of service, Mr. McBride's five years, eight months of service, Mr. Arndt's 6 years, two months of service and Mr. Lass's 21 years, one month of service credit at the time the plan was frozen and the compensation limits established in accordance with

federal tax law in the computation of retirement benefits under qualified plans. Benefits are not subject to reduction for Social Security payments or other offset amounts. For a discussion of valuation assumptions, see Note 17 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2017.

As previously discussed, Mr. McBride was named Executive Vice President and Chief Financial Officer in November 2016. He also worked for Frontier before the Frontier Pension Plan was frozen.

## Employment Arrangements; Potential Payments upon Termination or Change-in-Control

### Employment Agreements and Arrangements

Frontier is party to an employment agreement with Mr. McCarthy, Mr. McBride, Mr. Arndt, and Mr. Gable and a separation agreement with Ms. McKenney, and each agreement has been publicly filed with the SEC. In accordance with best practices, the agreements do not provide for a set term of employment.

Each NEO receives a base salary and is entitled to participate in the Frontier Bonus Plan and our 2013 and 2017 Equity Incentive Plans. In addition, each NEO is entitled to severance benefits under the Severance Plan.

The separation agreement for Ms. McKenney is discussed separately below.

### Potential Payments upon Termination of Employment or Change-in-Control

The following summarizes potential payments that would be made under the Company's Severance Plan or the NEO's employment agreement, as applicable, upon a termination of employment or change-in-control.

If Mr. McCarthy's employment is terminated without "cause" or by Mr. McCarthy with "good reason," we would be required to pay Mr. McCarthy an amount equal to the non-change in control severance factor applicable to Mr. McCarthy (as set forth below) multiplied by the sum of his base salary and target bonus. In addition, all his restricted stock would vest, and all performance share awards granted to him or any other performance incentive award pursuant to a performance-based vesting schedule would be vested with respect to any service requirement, but the number of shares earned would be based on actual performance against the pre-established goals. In addition, in such circumstances, Mr. McCarthy would be entitled to an amount equal to 18 times the monthly COBRA charge for the type of employer-provided health coverage in effect for him.

With respect to our other active NEOs, if the executive's employment is terminated without "cause" or by the NEO with "good reason," we would be required to pay the executive an amount equal to the non-change in control severance factor applicable to the executive (as set forth below) multiplied by his or her base salary. The executive would also be entitled to purchase from Frontier three months' COBRA coverage at the active employee rate.

If Mr. McCarthy's employment is terminated due to his death or in connection with a disability, Mr. McCarthy or his estate would be entitled to payment of six months' base salary (paid in installments as salary continuation pursuant to our standard payroll practices) and a prorated portion of his target bonus for the year of termination (paid in lump sum). In addition, all restricted stock would vest, and performance shares would vest pro-rata, based on time served through the date of termination at the target level of shares granted. Mr. McCarthy, or his spouse, in the event of Mr. McCarthy's death, would also be entitled to an amount equal to 18 times the monthly COBRA charge for the type of employer-provided coverage in effect for Mr. McCarthy.

In the event Mr. McCarthy's employment is terminated without "cause" or by Mr. McCarthy with "good reason" in connection with a "change in control," Mr. McCarthy would be entitled to the amounts he would receive in connection with a termination by us without cause or by him with good reason in a non-change in control context, except that (a) the change in control severance factor would apply as set forth below and (b) the number of earned performance shares would be based on actual performance as of the date of the change in control (if determinable), otherwise based on target performance, and these earned shares would vest at the time of the qualifying termination. In addition, if the successor following a change in control declines to assume Frontier's obligations with respect to Mr. McCarthy's performance shares, the earned performance shares would vest upon the change in control, regardless of whether his employment was terminated.

EXECUTIVE COMPENSATION

With respect to our other active NEOs, in the event the NEO's employment is terminated without "cause" or by the executive with "good reason" in connection with a change in control, the executive would be entitled to the amounts he or she would receive in connection with a termination by us without cause in a non-change in control context, except that (a) the change in control severance factor would apply as set forth below and the executive's target bonus would be included in the severance pay calculation, (b) the executive's restricted stock would vest in full and (c) performance shares would be earned based on actual performance as of the date of the change in control (if determinable), otherwise based on target performance, and these earned shares would vest at the time of the qualifying termination. In addition, if the successor following a change in control declines to assume Frontier's obligations with respect to the executive's performance shares, the earned performance shares would vest upon the change in control, regardless of whether employment was terminated.

To the extent an active NEO would be subject to any excise taxes under Section 280G of the Internal Revenue Code, the amounts he or she would be entitled to receive would be "capped" to avoid any excise tax unless the total payments to be received by him or her without regard to a cap would result in a higher after-tax benefit. The executive would be responsible for paying any required excise tax.

The severance factors for our active NEOs are as follows:

| Executive          | Severance Factor in Non-Change in Control Situations | Severance Factor in Change in Control Situations |
|--------------------|--|--|
| Daniel J. McCarthy | 2.25   | 3.00   |
| R. Perley McBride  | 1.25   | 2.00   |
| Kenneth W. Arndt   | 1.00   | 2.00   |
| Steve Gable        | 1.00   | 2.00   |
| John Lass          | 1.00   | 1.50   |

Each NEO would be required to enter into a separate agreement in which the NEO releases claims against Frontier in order to receive the severance payments.

The following table sets forth certain potential payments that would have been made to each NEO had his or her employment been terminated as of December 31, 2017 under various scenarios, including a change in control. The information for Messrs. McCarthy, Arndt and Lass do not include their pension benefits, which are set forth under "Pension Benefits."

Because payments to be made to an NEO depend on several factors, actual amounts to be paid out upon an NEO's termination of employment can only be determined at the time of separation from Frontier.

(1) Ms. McKenney's employment ended on June 30, 2017.

(2) For Mr. McCarthy, the amount shown is equal to 2.25 times his 2017 base salary and bonus opportunity. The portion of this amount related to the bonus opportunity would be paid in lump sum at the time bonus payments are made to other executives under the Frontier Bonus Plan. The remaining portion is payable to Mr. McCarthy in installments as salary continuation pursuant to our standard payroll practices. For Mr. McBride, the amount shown is equal to 1.25 times his 2017 base salary. For Messrs. Arndt, Gable and Lass, the amount shown is equal to 1.00 times his 2017 base salary. Amounts payable to each NEO (other than Mr. McCarthy) are payable in installments as salary continuation pursuant to our standard payroll practices.

(3) For Mr. McCarthy, all restricted stock vests upon termination without cause or by him with good reason, whether the termination is in connection with a change in control or not, and upon death or disability. For each other NEO, all restricted stock vests upon termination without cause or by such NEO with "good reason" (as defined) in connection with a change in control. Amounts shown represent the value of restricted stock held by each NEO on December 31, 2017 based on the closing price of \$6.76 per share of our common stock on December 29, 2017.

(4) Dollar value of the 76,291 performance shares held by Mr. McCarthy on December 31, 2017 based on the closing price of \$6.76 per share of our common stock on December 29, 2017. The number of performance shares used for this purpose is equal to the target level of shares granted. Does not include the value of performance shares that were earned (and issued) on December 31, 2017 upon completion of the 2015-2017 Measurement Period.

(5) Under the Severance Plan, Mr. McCarthy is entitled to an amount equal to 18 times the monthly COBRA charge for the type of employer-provided health coverage in effect for the CEO. This amount will be paid in lump sum within 60 days following termination. All other NEOs are entitled to purchase from Frontier up to eighteen months COBRA coverage at the active employee rate with the above amounts reflecting the portion of COBRA paid by Frontier.

(6) Amounts shown are payable in lump sum upon termination of the NEO without cause or by the NEO with good reason in connection with a change of control. For Mr. McCarthy, the amount is equal to 3.00 times his 2017 base salary and bonus opportunity. For Messrs. McBride, Arndt and Gable, the amount is equal to 2.00 times their 2017 base salary and bonus opportunity. For Mr. Lass, the amount is equal to 1.50 times his 2017 base salary and bonus opportunity.

- (7) Amounts shown represent the dollar value of performance shares earned as of December 31, 2017 based on the closing price of \$6.76 per share of common stock on December 29, 2017. The number of earned performance shares used for this purpose is based upon the target level of shares granted. This does not include the value of performance shares that were earned and issued on December 31, 2017 upon completion of the 2015-2017 Measurement Period.

## Compensation for Ms. McKenney

As previously discussed, Frontier and Ms. McKenney entered into a Separation Agreement and Release, originally dated June 30, 2017. As consideration for Ms. McKenney's compliance with the terms of the Separation Agreement, the Compensation Committee agreed to pay her \$1,218,465 (in three installments), COBRA premiums for 15 months along with \$46,815 for unused accrued vacation. This amount was based on her base salary, her 2017 target bonus and the value of her unvested restricted shares due to vest in February 2018. The compensation arrangements in place for Ms. McKenney prior to her departure were established in accordance with the general processes outlined above for our NEOs. Upon her departure, Ms. McKenney forfeited her other unvested equity incentive awards.

## Compensation Committee Interlocks and Insider Participation

The Compensation Committee currently consists of Ms. Ruesterholz, as Chair, Messrs. Bynoe and Wick, and Ms. Ferguson. Mr. Wick is not standing for reelection at the Annual Meeting. None of our executive officers served as (i) a member of the compensation committee (or other committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Compensation Committee; (ii) a director of another entity, one of whose executive officers served on our Compensation Committee; or (iii) a member of the compensation committee (or other committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as one of our directors.

## Compensation Policy Risk Analysis

Management annually reviews our compensation policies and practices applicable to all of our employees, including the NEOs, for the purpose of evaluating the risks to Frontier arising from such policies and practices. Each component of our compensation program is evaluated for any risks to Frontier associated with such compensation. Included in these evaluations is an analysis of the likelihood that such compensation components would influence behaviors or decision-making and impact our risk profile. For 2017, risk controls, both entity-level and compensation-related, were identified and evaluated. These controls included:

- Corporate governance and Enterprise Risk Management policies;
- Oversight of our compensation practices and policies by the Compensation Committee, including the ability to reduce incentive payouts based on factors such as earnings and individual performance;
- Frontier's compensation program design, including the mix of cash and equity compensation, short- and long-term incentive compensation, "fixed" and "variable" compensation and company-wide and individual goals and targets, the use of multiple performance metrics based on the Company Performance Goals, which include financial and other quantitative and qualitative measurements, the use of modest multipliers, and maximum payout limits (in terms of dollars and percentages of base salary);
- Performance goals that are set at levels that are sufficiently high to encourage strong performance and support the resulting compensation expense, but within reasonably attainable parameters to discourage pursuit of excessively risky business strategies; and
- Meaningful risk mitigators, including substantial stock ownership guidelines, claw-back provisions, anti-hedging/pledging policies, independent Compensation Committee oversight and engagement of an independent consultant that does no other work for Frontier or management.

In February 2018, management reviewed its findings with the Compensation Committee at a meeting at which the Compensation Committee and management engaged in an in-depth discussion of the findings. Based on its review of management's risk assessment of Frontier's compensation policies, practices and controls and the Compensation Committee's evaluation of management's assessment, the Compensation Committee determined that such policies and practices are not reasonably likely to have a material adverse effect on Frontier.

## PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Frontier and its Board are committed to excellence in governance and recognize the interests that our stockholders have expressed in our executive compensation program. As part of our commitment, in 2009, the Board voluntarily adopted a Corporate Governance Guideline, commonly known as “Say-on-Pay,” to annually provide stockholders with the opportunity to endorse or not endorse compensation paid to the NEOs through consideration of the following non-binding advisory resolution:

**“Resolved, that the compensation paid to Frontier’s named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and accompanying narrative discussion, is hereby approved.”**

We believe that our executive compensation philosophy and programs reinforce our pay for performance culture and are strongly aligned with the long-term interests of our stockholders. The Compensation Committee, which oversees and approves the compensation philosophy and programs, engages in an extensive process to align executive pay, both short- and long-term, with Frontier’s performance and the interests of our stockholders. The Compensation Discussion and Analysis section of this Proxy Statement provides a comprehensive review of our executive compensation philosophy and programs and the rationale for executive compensation decisions, and the accompanying tables and narrative provide details on the compensation paid to our NEOs. We urge you to read this disclosure prior to voting on this proposal.

Our existing Say-on-Pay policy is consistent with Section 14A of the Securities Exchange Act of 1934 adopted in July 2010 as part of the Dodd-Frank Wall Street Reform and Consumer Protection Act. Because your vote is advisory, it will not be binding upon the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. Stockholders who wish to communicate with our Board or any specific director, including the Chairman, any non-management director, the non-management directors as a group, any independent director or the independent directors as a group, on executive compensation or any other matter of stockholder concern, can do so by writing to such director or group of directors at: Frontier Communications Corporation, 401 Merritt 7, Norwalk, Connecticut 06851. Any communication will be forwarded to the director or directors to whom it is addressed.

In accordance with the wishes of our stockholders and best practices, we will provide a say on pay vote annually and the next Say-on-Pay proposal will be included in our 2019 proxy statement.

**The Board unanimously recommends that you vote FOR this proposal.**

# AUDIT COMMITTEE REPORT

The Audit Committee consists of four independent directors, each of whom has been determined by the Board to meet the heightened independence criteria applicable to Audit Committee members and to satisfy the financial literacy requirements of the Nasdaq Listing Rules and the applicable rules of the SEC. The Audit Committee is responsible, under its charter, for oversight of our independent registered public accounting firm, which reports directly to the Audit Committee. The Audit Committee has the authority to retain and terminate the independent registered public accounting firm, to review the scope and terms of the audit and to approve the fees to be charged. The Audit Committee monitors our system of internal control over financial reporting, and management's certifications as to disclosure controls and procedures and internal controls for financial reporting. Our management and independent registered public accounting firm, not the Audit Committee, are responsible for the planning and conduct of the audit of our consolidated financial statements and determining that the consolidated financial statements are complete and accurate and prepared in accordance with U.S. generally accepted accounting principles.

The Audit Committee has met and held discussions with management, our senior internal auditor and our independent registered public accounting firm (with and without management and our senior internal auditor present) and has reviewed and discussed the audited consolidated financial statements and related internal control over financial reporting with management and our independent registered public accounting firm.

The Audit Committee has also discussed with our independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees.

Our independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee discussed with our independent registered public accounting firm that firm's independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for filing with the SEC. The Audit Committee selected KPMG LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2018, which is being presented to stockholders at the meeting for ratification.

# INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES

In accordance with the Sarbanes-Oxley Act of 2002, the rules of the SEC and the Audit Committee Charter, the pre-approval of the Audit Committee is required for all audit and permissible non-audit services that will be provided by KPMG LLP, our independent registered public accounting firm. All of the services of KPMG LLP for 2017 and 2016 were pre-approved by the Audit Committee.

The following table sets forth the fees for professional audit services paid by us to KPMG LLP, our independent registered public accounting firm:

|                    | 2017        | 2016        |
|--------------------|-------------|-------------|
| Audit Fees         | \$5,859,000 | \$5,955,000 |
| Audit-Related Fees | 20,000      | 80,000      |
| Tax Fees           | 142,804     | 123,400     |
| All Other Fees     | —           | —           |
| Total              | \$6,021,804 | \$6,158,400 |

## Audit Fees

Audit fees relate to professional services rendered in connection with the audit of our annual consolidated financial statements included in our Annual Report on Form 10-K and internal control over financial reporting, the review of our quarterly financial statements included in our Quarterly Reports on Form 10-Q, the audit of our captive insurance company and audit services provided in connection with other subsidiary audit reports.

## Audit-Related Fees

For 2017, audit-related fees primarily relate to professional services rendered in connection with agreed-upon procedure reports. For 2016, audit-related fees primarily relate to professional services rendered in connection with the review of pro forma financials and a registration statement filed.

## Tax Fees

Tax fees for 2017 and 2016 primarily relate to professional services rendered in connection with the preparation of transactional tax filings.

## PROPOSAL 3: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The ratification of the selection of KPMG LLP as our independent registered public accounting firm for 2018 is being submitted to stockholders because we believe that this action follows sound corporate practice and is in the best interests of the stockholders. If the stockholders do not ratify the selection by the affirmative vote of the holders of a majority of the shares of common stock present or represented by proxy and entitled to vote at the meeting, the Audit Committee will reconsider the selection of the independent registered public accounting firm, but such a vote will not be binding on the Audit Committee. If the stockholders ratify the selection, the Audit Committee, in its discretion, may still direct the appointment of a new independent registered public accounting firm at any time during the year if the Audit Committee believes that this change would be in our and our stockholders' best interests.

The Board recommends that the stockholders ratify the selection of KPMG LLP, registered public accounting firm, as the independent registered public accounting firm to audit our accounts and those of our subsidiaries for 2018. KPMG has served as our independent registered public accounting firm since 1936, and the Audit Committee believes that the continued retention of KPMG as our independent registered public accounting firm is in the best interests of Frontier and our stockholders. The Audit Committee approved the selection of KPMG LLP as our independent registered public accounting firm for 2018.

A representative of KPMG is expected to participate at the Annual Meeting and will have the opportunity to make a statement and be available to respond to appropriate questions.

**The Board unanimously recommends that you vote FOR this proposal.**
